MURDER AND ROBBERY

A Crook Makes An Interesting Confession.

HAD A PAL IN THIS CITY

He Claims the Fellow Was a Barber Here, and He Has Been Located—Some People Remember Him—A Story That Shows the Ways of the Wicked in This World.

The following is a newspaper story from Ft. Wayne, and is interesting because one of the principals is credited with having been a barber in this city:

Five deputy sheriffs and a policeman went to the Pennsylvania yards, May 28, to arrest a gang of tramps who were molesting the residents. Arriving there, they discovered three men in a field nearby, who proved to be John C. Stone, alias Vinson, William Wallrath and William ("Fingers") Duffy.

They were ordered to surrender, but instead they drew revolvers and a running fight followed, in which Wallrath received wounds which resulted in his death the next day. Deputy Sheriff Harrod was shot four times, and for several weeks it was feared that he would die. Stone and Duffy were captured. Stone pleaded guilty and was sentenced to ten years in the Michigan City penitentiary, to which he was taken today. Duffy stood trial, which resulted today in conviction and a sentence of four years' imprisonment.

Yesterday Stone said his name was Vinson, and told the following story of his life to a reporter:

"I was born Aug. 16, 1866, at Port Huron, Mich. My father died when I was a year old. When I grew up I ran away from home.

"In 1881, a stranger persuaded William Wallrath, of Akron, O., and me to go out west with him. At Pueblo, Col., we fell in with a gang of robbers.

"The first crime in which I was concerned was the robbery of a bank in Pueblo. After this the gang went into the mountains and started robbing stages. I got tired of this and ran away from them in 1883. William and I went to the Allegheny mountains, in Pennsylvania. At Beaver I met a man known as Boston Doc. I left William and went west with him. At Dodge City, Kan., we fell in with the Dalton gang of robbers. I stayed with them a short time, and then went east again.

"At Dubois I met Wallrath again in company with a man called Fingers. His name was William Duffy. After several robberies the three of us went to Colorado Springs, where we joined the Dalton gang, and went with them into the mountains. In a short time we had robbed three trains and three stages. We stayed with the Daltons until 1885, when William and I left Fingers and came east and went to robbing freight cars on the Lake Shore railroad, operating all through Ohio, Pennsylvania and New York.

"In 1888 I went east again. At Beaver I met Wallrath again. We went to Erie, and stopped to rest in the 'bum' woods. There was a gang of hoboes and crooks, and Fingers was with them. We three went away together, and went back robbing trains on the Lake Shore. We sold the goods at Ashtabula and Dunkirk."

After detailing a murder near Dunkirk, N. Y., in which he had a hand, and narrating a number of robberies, one of which, committed in Buffalo, yielded \$75,000, Stone continues:

"In 1893, I went to Meadville, and fell in with the old gang. We then went to Chicago, where we killed a man who interrupted us while we were cracking a safe. I then went east again and met Wallrath, who was running a barber shop at East Liverpool. He sold out and we went to Erie, where we met 'Fingers,' 'Red Jack' McDermott, and a crowd of others. McDermott was from Union City, Pa., and he told us of an old couple there who had a pile of money in the house. I don't remember whether the name was Norton or Porton.

"We got to the place about 10 o'clock that night. We battered down the door with a fence rail. I went upstairs and caught a 13-year-old adopted son, while William, 'Fingers' and Jack held the old couple. We bound them all, and after beating them into insensibility, threw them upon the bed and found \$80 in the house. The old man died a few days afterward.

"Wallrath and I then went to Parker, where we robbed a family named White, who lived out of town. We got the whole family in one room and got \$500, but overlooked \$75,000 worth of papers and cash which was in a pillow. We buried the money and went to Urbana, and on December 23, 1894, started for Youngstown to spend

Christmas. We met a man near Youngstown and held him up, getting \$35. He was found an hour afterward and died the next morning after telling the story. He was from Ashtabula.

"At Pittsburg, Wallrath and I met one Charley Campbell in a pool room. He said he was a traveling man. One night, while we were walking to a park, I held him up for a gold watch and \$300."

After leaving Pittsburg, Stone says the gang murdered a man in a car near Crestline. They next held up a Grand Trunk train at Battle Creek, Mich., and finally reached Fort Wayne and added another tragedy to their long list of crimes.

The family of A. S. Horton, of Union City, Pa., is the one referred to in Stone's confession. The robbery was committed by four masked men on the night of September 3, 1894. They proved to be John McDermott, of Union City; Henry Duffy, John C. Stone and William Wallrath. Horton died of his injuries two months later. McDermott is now doing time in the Allegheny county workhouse for a smaller offense. A Kansas City dispatch says that Stone was a member of the Dalton gang.

Inquiry about the city develops that Wallrath came here in 1892 and rented a barber shop from Charles Berg on Second street, where he soon made friends. He was rather slow in his payments and was ordered to leave the place, but got another room from Sam Martin on Broadway. After remaining there a time he left without paying the rent, and Martin secured the chair. While here, Wallrath was popular with the ladies, and a young woman living in East End became infatuated with him. Her parents did not like the fellow, and would not allow him to visit the house, but she met him down town, and he insisted on her eloping with him. The girl, however, had enough sense to refuse, and can now realize her narrow escape. Wallrath had a number of friends, and to them showed that he was a female impersonator of talent, being able to arrange his hair and disguise his voice so that few could recognize him. Before leaving he insisted on one of his friends here going with him, but the young man had a good position and wisely staid at home.

ALL A JOKE.

How a Salem Paper Played Horse With a Rival.

The Salem News and the Salem Herald are not good friends, and the News has long suspected the Herald was stealing matter from its first papers. Last evening Editor Douglas, of the News, wrote a little story about P. C. Young being appointed common pleas judge and B. S. Ambler being made probate judge, and printed it in a dozen papers. The Herald appeared a short time afterward and contained the same information. Then it was whispered around what the Herald had done, and the whole town laughed. The joke got out by some one sending the dispatch (?) as it appeared in the Herald to a Pittsburg paper, and so much interest is felt in the contest for the judgeship that the telephone line to Salem was busy all morning, people in this city and Lisbon being anxious to know how Salem got the information.

MRS. NICKEL IS DEAD.

She Had a Number of Relatives in This City.

Mrs. Nickel, wife of Matthew Nickel, of near Hookstown, died this morning after an illness of less than a week. The lady contracted a severe cold last week, and being 79 years of age, could not withstand the effect. No arrangements have yet been made for the funeral.

Mrs. Nickel was the mother of John, Robert, James and William Hall, well known residents of this city, and Mrs. Frank Stewart, of Calcutta road, was her daughter. Another daughter, Mrs. Stewart, of over the river, completes the family. Mrs. Nickel was of a kind and gentle disposition and beloved by all who knew her.

WORLD MAKING.

Hon. Samuel Phelps Leland Will Use That Subject.

Hon. Samuel Phelps Leland, who lectures tomorrow evening at the Grand as the second number of the Association course, will speak on "World Making," a subject which gives him ample opportunity to display the wonderful gifts with which he is endowed. The gentleman goes deep into science, but with that easy, gentle manner that carries his audience with him and allows all who follow to thoroughly understand. There is eloquence in his language and manner, and he is considered a thoroughly interesting gentleman who knows well how to interest an audience.

MAY LOSE BOTH EYES

C. C. Aughenbaugh Is In a Very Bad Way.

ACID DID THE AWFUL WORK

The Well Known Cyclist Suffers Injuries That May Not Only Take Him From the Track Forever But May Cause Him to Become Blind—It Was An Accident.

C. C. Aughenbaugh, the well-known wheelman who rode with the Beaver valley cyclists, and won many trophies, is a very sick man at Columbus, and it is feared that when he again leaves his room he will be blind.

Aughenbaugh was one of the cracks of this section during the season, and had many admirers and personal friends in the city, he having trained here on the East End track for some time. When the season was over he entered an educational institution in Columbus, and it was there the accident happened that may disable him for life. As the story is told here, he was working in a laboratory, when in some manner not now known a small quantity of acid got in his eyes. The pain was excruciating for a time, and it was believed that he could never get over it, but the last few days has shown a marked improvement and his life is not in danger. The condition of his eyes, however, is yet in doubt, although there can be no denying that he may never be able to use them. A specialist has the matter in hand and everything known to medical skill is being done to save the sight. Aughenbaugh, it is said, feels the effect of his affliction, and although plucky as far as the pain is concerned, breaks down when he thinks that he may never see again.

A STRONG SERMON.

Reverend Talmage Preached to a Large Congregation.

Rev. Frank Dewitt Talmage preached to a large congregation at the First Presbyterian church last night delivering a forcible sermon. His theme was prayer, and he handled the subject in a masterly manner, his utterances being forcible and his illustrations well answering the purpose for which they were intended. After the meeting the gentleman was warmly greeted by many persons who met him when he was here last winter. Reverend Talmage, although a young man, is numbered among the most successful Presbyterian ministers of Pittsburg. Another meeting will be held this evening and the last tomorrow night. Very good results have been had from the last two meetings, and Doctor Lee is greatly encouraged. Reverend Talmage is being entertained by Doctor Lee today.

COLUMBIAN MEN CELEBRATE.

A Delightful Evening in Honor of the Anniversary.

Twenty-five couples spent a delightful evening at the Columbian club last evening, the occasion being the annual banquet. Miss Rayle and Miss Bunting sang delightfully, and Miss L. Bessie Ashbaugh delivered in a characteristic manner a recitation. Misses Rayle and Bunting sang a duet, Miss Lida Kountz gave a beautiful selection on the violin, and Miss Carrie Kountz on the piano. Then came an old fashioned supper in which turkey figured prominently, after which the evening was given over to dancing. The evening's entertainment was undoubtedly the most successful of the many enjoyable parties given by the organization.

OUR TURN NOW.

Superintendent Southworth Looking After That Donation.

Superintendent Southworth was in town this afternoon looking after that donation which the city is asked to give the children of Fairmount home this year. It has been 12 years since the city made the little ones happy on Christmas, and in all that time the amount of money contributed has only been exceeded on one occasion. Hon. David Boyce is also deeply interested in the matter, and wants to see the city make a good showing and give the 125 little ones a Christmas they will not soon forget. Mr. Southworth says that Ruth Bushnell, the Liverpool representative, is growing and is already a pretty baby.

CAPT. JOHN PORTER AGAIN.

The Kenilworth Plant to be Sold Today.

The Kenilworth brick works built by Captain John Porter across the river from Wellsville, were offered for sale again today according to an order from the Hancock county court. It was sold in September to W. S. Johnson for \$14,000, a ridiculously low price when it is considered that the works cost in the neighborhood of \$60,000.

J. E. McDonald, of this city, represented Captain Porter, and the court ordered a new sale. A new company was formed for the purchase of the plant, and their representative was after it today, but it was sold the Parks company, of New Brighton, for \$25,125.

ANOTHER CANDIDATE.

J. W. Finley Wants to be Street Commissioner.

J. W. Finley is announced as a candidate for street commissioner and will be pushed by his friends for the place. The gentleman has for 12 years been employed in that work and was an old soldier. Mr. Welch will not again be after the place, but it is understood that Mark Bough will be among the aspirants before election day rolls around. There is no word as to who will represent the Democrats.

Walter Supplee has resigned his position with the street car company and will quit the service early in the year. It is his intention to make a strong fight for the position of marshal, and he realizes that it cannot be done without an abundance of hard work.

SHOT AT LIVE BIRDS.

Rev. Foutts and I. N. Crable Had a Match.

Visions of the old gun club are still in the public eye, but little of the sport has been seen here for several years until yesterday afternoon, when I. N. Crable and Rev. Foutts shot a match over the river. Each man had 27 birds, and strong flyers they were, too, making the sport all they could ask. When the score was counted at the termination of the contest each had missed five birds and hit the others. There is talk of reviving shooting and the old club, and it is probable that a big match will take place on New Year's day, when Foutts and Crable will again measure strength.

KNOCKED HIM OUT.

A Lively Little Scrimmage on Second Street.

A second street man is not at his accustomed place in a blacksmith shop today because he injured his hand by knocking out a Wellsville man last night. The stranger seems to be infatuated with the other man's wife, and there was a story not long ago that they had eloped, but the woman came home and has been living peacefully with her husband since that time. Last night the Wellsville fellow appeared at the house, and the husband knocked him down the stairs. He was severely punished, and left the vicinity in a battered condition.

READY FOR BATTLE.

County Candidates Will Begin Work Next Month.

Candidates for county offices are preparing for the fray, and the campaign will be on with a full force early in the year. Some of the more progressive and hard working candidates will have their business placed in the hands of competent men and will devote their whole time to working for offices. A well known politician says that while the majority of the candidates have already announced themselves, some are yet in the dark, and there is a probability that several others will be tramping over the county very soon.

CHANGING THE PLUGS.

Superintendent Morley is Making Improvements.

Superintendent Morley had a force at work today changing the fire plugs on the Calcutta road. The new eight inch main made this allowable, and the plugs are used to replace the smaller ones that have seen service for some time in that part of town. They will be taken to the suburbs and placed where plugs are most needed. The new arrangement gives the people of Calcutta road a much better protection against fire than they have ever had before. The old plugs will be overhauled and repaired before they are reset.

NEEDED REPAIRS.

The Railroad Company to Improve the Freight Depot.

Complaints about the arrangement of the freight depot have been made so often and so long ago that even the employes have almost forgotten that anyone ever suggested that improvements should be made, but the company have at last made a move. Material for the work has arrived, and it will not be long before the platform will be raised and other needed repairs made about the place. The improvement will greatly facilitate the work of loading cars and will make the task of the employes lighter.

BROKE UP THE HOME

East End People Could Not Agree Together.

IT CREATED A BIG SENSATION

All That Part of the City is Talking About it, But the Story Has Not Come Out in Detail—The Family Divided and the Mother Moved Out.

East End is much disturbed over a sensation which developed yesterday and came to light so plainly this morning that almost all the people in the suburb were talking about it.

The principals are a man and wife who have long been prominent in church work and have been observed as respectable people. Until recently there was nothing to darken the sky of their domestic happiness, but now that is all changed. A few stories about the neighborhood, a remark dropped here and there in the town aroused more or less suspicion, and it was known the pair were not living happily together. Nevertheless the neighborhood was shocked and surprised yesterday afternoon when the wife took her share of the household effects and went to the home of her mother in Wellsville. She also took with her the two daughters while the husband decided that he would keep the boy, and that is how the matter stands. East End is talking about it a great deal, and many are the tales told in connection with the happening, but no one seems to know anything definite. It is said, however, that there is a long story behind the whole matter which will sooner or later be revealed. No one was at home when a reporter called at the house today.

HAPPILY TERMINATED.

Squire Rose Performed the Marriage Ceremony.

A young man and a young woman, accompanied by a companion, came here from Pittsburg yesterday afternoon and registered at a prominent uptown hotel. Squire Rose was sent for in a short time after they arrived, and it is said that a marriage ceremony was performed. When questioned about the matter the squire said that he had nothing whatever to say, but there was a twinkle in his eye. There was but one marriage license issued at Lisbon yesterday, and that does not correspond with the names registered at the hotel.

IN TORONTO.

Reverend Whitehead Is Telling the Sinners Some Truths.

The following is taken from the Toronto Tribune of last evening: "Rev. R. B. Whitehead, of East Liverpool, preached an earnest and effective sermon last night in the Methodist Protestant church, taking for his text, 'Lo, this is my beloved Son in whom I am well pleased.' The speaker referred to Christ as the highest type of sympathy, love, purity and power. He said that while he did not depreciate culture and education, what we need today is more heart and less head."

OUR CONGRESSMAN.

People Expect to Hear Something Good of Him.

Congressman Taylor, of this district, drew a most desirable seat in congress at Washington, and his position will not handicap him. We expect to hear from that brainy little Columbian county chap before the session is over. He is active, energetic and has a faculty for expressing himself aptly. His physical makeup isn't such that he would make a good chair warmer anyway, and his constituents may rest assured that this district will be looked after properly.—Canton Record.

THEY STRUCK.

Decorators at the West End Went Out Today.

There is a strike on at the West End pottery the young women employed there as decorators having quit this morning. The cause is a new dinner pattern which was presented to them by the company as "scheme," but they could not make the usual wage on that basis, and asked to have it changed. The management refused, and the strike is the result.

Entertained the Minstrels.

After the performance last evening the minstrels were splendidly entertained at Turner hall where lunch was served, and the hours spent in dancing.

Will be Married Soon.

Cards are out for the wedding of Lafayette F. Lawers and Miss Mamie Williams, daughter of E. D. Williams, Third street, on Christmas day.

Reverend Talmage, although a young man, is numbered among the most successful Presbyterian ministers of Pittsburg. Another meeting will be held this evening and the last tomorrow night. Very good results have been had from the last two meetings, and Doctor Lee is greatly encouraged. Reverend Talmage is being entertained by Doctor Lee today.

COLUMBIAN MEN CELEBRATE.

A Delightful Evening in Honor of the Anniversary.

Twenty-five couples spent a delightful evening at the Columbian club last evening, the occasion being the annual banquet. Miss Rayle and Miss Bunting sang delightfully, and Miss L. Bessie Ashbaugh delivered in a characteristic manner a recitation. Misses Rayle and Bunting sang a duet, Miss Lida Kountz gave a beautiful selection on the violin, and Miss Carrie Kountz on the piano. Then came an old fashioned supper in which turkey figured prominently, after which the time was given over to dancing. The evening's entertainment was undoubtedly the most successful of the many enjoyable parties given by the organization.

OUR TURN NOW.

Superintendent Southworth Looking After That Donation.

Superintendent Southworth was in town this afternoon looking after that donation which the city is asked to give the children of Fairmount home this year. It has been 12 years since the city made the little ones happy on Christmas, and in all that time the amount of money contributed has only been exceeded on one occasion. Hon. David Boyce is also deeply interested in the matter, and wants to see the city make a good showing and give the 125 little ones a Christmas they will not soon forget. Mr. Southworth says that Ruth Bushnell, the Liverpool representative, is growing and is already a pretty baby.

CAPT. JOHN PORTER AGAIN.

The Kenilworth Plant to be Sold Today.

The Kenilworth brick works built by Captain John Porter across the river from Wellsville, were offered for sale again today according to an order from the Hancock county court. It was sold in September to W. S. Johnson for \$14,000, a ridiculously low price when it is considered that the works cost in the neighborhood of \$60,000.

J. E. McDonald, of this city, represented Captain Porter, and the court ordered a new sale. A new company was formed for the purchase of the plant, and their representative was after it today, but it was sold the Parks company, of New Brighton, for \$25,125.

ANOTHER CANDIDATE.

J. W. Finley Wants to be Street Commissioner.

J. W. Finley is announced as a candidate for street commissioner and will be pushed by his friends for the place. The gentleman has for 12 years been employed in that work and was an old soldier. Mr. Welch will not again be after the place, but it is understood that Mark Bough will be among the aspirants before election day rolls around. There is no word as to who will represent the Democrats.

Walter Supplee has resigned his position with the street car company and will quit the service early in the year. It is his intention to make a strong fight for the position of marshal, and he realizes that it cannot be done without an abundance of hard work.

SHOT AT LIVE BIRDS.

Rev. Foutts and I. N. Crable Had a Match.

Visions of the old gun club are still in the public eye, but little of the sport has been seen here for several years until yesterday afternoon, when I. N. Crable and Rev. Foutts shot a match over the river. Each man had 27 birds, and strong flyers they were, too, making the sport all they could ask. When the score was counted at the termination of the contest each had missed five birds and hit the others. There is talk of reviving shooting and the old club, and it is probable that a big match will take place on New Year's day, when Foutts and Crable will again measure strength.

KNOCKED HIM OUT.

A Lively Little Scrimmage on Second Street.

A second street man is not at his accustomed place in a blacksmith shop today because he injured his hand by knocking out a Wellsville man last night. The stranger seems to be infatuated with the other man's wife, and there was a story not long ago that they had eloped, but the woman came home and has been living peacefully with her husband since that time. Last night the Wellsville fellow appeared at the house, and the husband knocked him down the stairs. He was severely punished, and left the vicinity in a battered condition.

READY FOR BATTLE.

County Candidates Will Begin Work Next Month.

Candidates for county offices are preparing for the fray, and the campaign will be on with a full force early in the year. Some of the more progressive and hard working candidates will have their business placed in the hands of competent men and will devote their whole time to working for offices. A well known politician says that while the majority of the candidates have already announced themselves, some are yet in the dark, and there is a probability that several others will be tramping over the county very soon.

CHANGING THE PLUGS.

Superintendent Morley is Making Improvements.

Superintendent Morley had a force at work today changing the fire plugs on the Calcutta road. The new eight inch main made this allowable, and the plugs are used to replace the smaller ones that have seen service for some time in that part of town. They will be taken to the suburbs and placed where plugs are most needed. The new arrangement gives the people of Calcutta road a much better protection against fire than they have ever had before. The old plugs will be overhauled and repaired before they are reset.

NEEDED REPAIRS.

The Railroad Company to Improve the Freight Depot.

Complaints about the arrangement of the freight depot have been made so often and so long ago that even the employees have almost forgotten that anyone ever suggested that improvements should be made, but the company have at last made a move. Material for the work has arrived, and it will not be long before the platform will be raised and other needed repairs made about the place. The improvement will greatly facilitate the work of loading cars and will make the task of the employees lighter.

BROKE UP THE HOME

East End People Could Not Agree Together.

IT CREATED A BIG SENSATION

All That Part of the City is Talking About It, But the Story Has Not Come Out in Detail—The Family Divided and the Mother Moved Out.

East End is much disturbed over a sensation which developed yesterday and came to light so plainly this morning that almost all the people in the suburb were talking about it.

The principals are a man and wife who have long been prominent in church work and have been observed as respectable people. Until recently there was nothing to darken the sky of their domestic happiness, but now that is all changed. A few stories about the neighborhood, a remark dropped here and there in the town aroused more or less suspicion, and it was known the pair were not living happily together. Nevertheless the neighborhood was shocked and surprised yesterday afternoon when the wife took her share of the household effects and went to the home of her mother in Wellsville. She also took with her the two daughters while the husband decided that he would keep the boy, and that is how the matter stands. East End is talking about it a great deal, and many are the tales told in connection with the happening, but no one seems to know anything definite. It is said, however, that there is a long story behind the whole matter which will sooner or later be revealed. No one was at home when a reporter called at the house today.

HAPPILY TERMINATED.

Squire Rose Performed the Marriage Ceremony.

A young man and a young woman, accompanied by a companion, came here from Pittsburg yesterday afternoon and registered at a prominent uptown hotel. Squire Rose was sent for in a short time after they arrived, and it is said that a marriage ceremony was performed. When questioned about the matter the squire said that he had nothing whatever to say, but there was a twinkle in his eye. There was but one marriage license issued at Lisbon yesterday, and that does not correspond with the names registered at the hotel.

IN TORONTO.

Reverend Whitehead Is Telling the Sinners Some Truths.

The Tribune is taken from the Toronto Tribune of last evening: "Rev. R. B. Whitehead, of East Liverpool, preached an earnest and effective sermon last night in the Methodist Protestant church, taking for his text, 'Lo, this is my beloved Son in whom I am well pleased.' The speaker referred to Christ as the highest type of sympathy, love, purity and power. He said that while he did not depreciate culture and education, what we need today is more heart and less head."

OUR CONGRESSMAN.

People Expect to Hear Something Good of Him.

Congressman Taylor, of this district, drew a most desirable seat in congress at Washington, and his position will not handicap him. We expect to hear from that brainy little Columbian county chap before the session is over. He is active, energetic and has a faculty for expressing himself aptly. His physical makeup isn't such that he would make a good chair warmer anyway, and his constituents may rest assured that this district will be looked after properly.—Canton Record.

THEY STRUCK.

Decorators at the West End Went Out Today.

There is a strike on at the West End pottery the young women employed there as decorators having quit this morning. The cause is a new dinner pattern which was presented to them by the company as "scheme," but they could not make the usual wage on that basis, and asked to have it changed. The management refused, and the strike is the result.

Entertained the Minstrels.

After the performance last evening the minstrels were splendidly entertained at Turner hall where lunch was served, and the hours spent in dancing.

Will be Married Soon.

Cards are out for the wedding of Lafayette F. Lawers and Miss Mamie Williams, daughter of E. D. Williams, Third street, on Christmas day.

EAST LIVERPOOL, O., THURSDAY, DEC. 5.

For President,
WILLIAM MCKINLEY,
OF OHIO.

Ohio is storming Atlanta this week and having almost as much fun as when its brave soldiers did so much toward capturing the same place a few years ago.

If the legislature follows half the suggestions made for special legislation the session will last for six months, and the Republican party will be wrapped in toils from which it can not be untwined for a few years.

The potters want the duty restored because they were ill treated and abused out of all proportion by the men who framed the Wilson bill and by the pseudo statesmen who revised it for the benefit of various industries.

THE BEST REASON.

When the reformers at Akron decided that they wanted no more spring elections, and immediately set the ball of their inclinations rolling over the state, some one met their argument for the new order with the assertion that the holding of all elections on one day and the use of one ballot for every office to be filled would not only cause dire confusion and necessitate a long and expensive education for the voter, but would attract attention from local issues, thus allowing a loop hole for the election of municipal officers who should not be there.

There is no part of public business nearer to the taxpayer and the law abiding citizen than the affairs of his own town or city. The selection of men not qualified to fill the offices comes directly to the people who see them and feel their influence every day of the year. Corruption in a municipality is more demoralizing than in the state or general government, for then it is known and appreciated for the evil it really does. Before a municipal election the merits and demerits, the qualifications and attainments of every candidate is carefully discussed. If he is chosen it is the fault of the people. The campaigns are at times bitter and feeling runs high. Every issue is known and no man need be in ignorance of the principles represented by the candidate he supports. These form the strongest argument that could be brought against the abolition of spring elections. In a campaign fought on state or national lines what at that time seem to be the petty affairs of a city sink to insignificance, and are passed by without particular attention from any except the opposing candidates. Party lines would be closely drawn, and the aspirant for local position would depend upon his party and its great issues for victory or defeat. We believe in separating in a measure local politics from any other, in nominating and electing men who will administer municipal government in the best possible manner. They would in this city still be Republicans, but in the rush and excitement of a greater campaign the party is open to more errors than if the municipal battle was fought fairly upon its own foundation. Abolish spring elections and the purity of municipal affairs is in danger of palling before the greater issues of mightier contests.

Mr. Ira P. Wetmore, a prominent real estate agent from San Angelo, Texas, has used Chamberlain's Colic, Cholera and Diarrhoea remedy in his family for several years as occasion required, and always with perfect success. He says: "I find it a perfect cure for our baby when troubled with colic or dysentery. I now feel that my outfit is not complete without a bottle of this remedy at home or on a trip away from home. ENGLAND SAYS NO!

Refuses Our Demand to Arbitrate With Venezuela.

THE SITUATION VERY TICKLISH.

The President to Keep From Backing Down, Must Make What Is Perilously Near a Declaration of War—Must Depend on Congress For Instruction.

WASHINGTON, Dec. 5.—Word has reached here from London that the reply of the Marquis of Salisbury to the note of Secretary Olney on the Venezuelan question is on board the White Star line steamship Britannic, due at New York on Friday next. The essence of the document is that Great Britain refuses to submit to arbitration any of the territory within the Schomburg line.

There is reason to believe that the president was aware before his message went to congress that Lord Salisbury's response to Ambassador Bayard's representations touching the Venezuelan boundary dispute would be unfavorable, but the fact was probably withheld from congress because that portion of the message relating to Venezuela had already been completed, and the president desires to make it the subject of a special communication that will give the matter the importance it deserves. If the reply is of the nature stated, then it is realized here that there is but one line of action open to the president.

He has in his note of instructions to Mr. Bayard simply carried out the express wish of congress as exhibited in the resolution adopted toward the close of the last session. He has presented the issue plainly and divested it of all the extraneous issues that were sought to be included by the British government. The question of a claim for reparation for the arrest of British officials by the Venezuelans, being regarded by the president as directly dependent upon the main question of the solution of the boundary dispute, was not allowed to complicate the issue, nor was the attempt to assert jurisdiction over the best part of the land claimed, namely, that lying eastward of the shifting Schomburg line.

Having received a negative reply to his direct inquiry whether or not Great Britain has prepared to submit to arbitration all of the territory in dispute, for there can be no doubt that the president has been informed by cable of the nature of the communication coming by mail, there remains for him but one course, namely, to submit the matter to congress for its further direction. Beyond this point the president cannot go alone, for, to be consistent, he would be obliged to notify the British government that any encroachment upon Venezuelan soil would be regarded by the United States as a hostile act, and that is so perilously close to an open declaration of war that it might be construed as an infringement upon the constitutional power of congress.

Minister Andrade of Venezuela is highly gratified at that feature of the president's message referring to Venezuela. The minister cabled the essential points on Venezuela to the government authorities at Caracas last night and mailed copies of the full message. Mr. Andrade says it is a clear and forcible statement, which will meet with the most cordial reception by the government and people of Venezuela.

WOOLGROWERS IN SESSION.

They Meet to Try to Have the Duty Restored on Wool.

WASHINGTON, Dec. 5.—The annual meeting of the Association of Woolgrowers is in session here. The principal feature of the opening session was the annual address of President William Laxme of Ohio, who dwelt on the present distressed condition of the woolgrowing industry and made various suggestions for remedial legislation and for concerted action to secure better protection to the growers. Resolutions will be adopted urging restoration of wool to the dutiable list at a seasonably high rate.

President Lawrence, in an informal conference, told the woolmen he did not expect any measure of satisfaction to woolen interests would be passed by congress until a full revision of the tariff should be made. He submitted a long memorial, which he suggested be adopted and presented to congress. It recites the loss to sheep breeders caused by the free wool schedule of the Wilson tariff law and favors as temporary relief the re-enactment of the McKinley schedule, with slight modifications. Theodore Justice of Philadelphia advocated this re-enactment as a temporary relief, and said the McKinley woolen tariff had yielded for three years an annual revenue of \$42,000,000. Placing wool on the free list, he said, had so far caused a loss of \$100,000,000 to the wool growers. The re-enactment of the McKinley schedule, he urged, should take effect immediately, and these views were formulated in proposed resolutions, which Mr. Justice read.

A resolution was offered that congress be asked to pass immediately as a partial measure of relief schedule (K)—wool and woollens—of the McKinley tariff law. This, however, was objected to by some of those present on the ground that the duties provided for by that schedule was not high enough, and the resolution was referred to a committee of five whose duty it is to draw up a memorial to congress asking for relief for the wool industry. This committee is composed of Judge Lawrence, chairman; Calvin Cowgill of Indiana, W. W. Burch of Chicago, A. E. Shepard of Texas and Theodore Justice of Philadelphia.

SESSION OF THE SENATE.

Turkish Affairs, Monroe Doctrine and the Cuban Rebellion Considered.

WASHINGTON, Dec. 5.—Most of the business transacted by the senate was of a routine character. Mr. Hoar showed the disposition toward co-operation with the president in dealing with the Turkish question by offering a resolution denouncing the recent atrocities in Turkey and assuring the executive branch of cordial endorsement by congress, of a vigorous course for the protection of American citizens in Turkey and the suppression of the

barbarities against Christianity. Mr. Hoar did not ask immediate action on the resolution, but he secured the adoption of another resolution requesting the president to submit to the senate all correspondence relating to Turkey. The resolution makes specific inquiry as to what American consuls are absent from their posts by reason of the disorder prevailing.

The first formal speech of the session was made by Mr. Allen (Pop., Neb.) on Cuba and the Monroe doctrine. Mr. Allen urged the recognition of the Cuban insurgents, the annexation of Cuba and a strong foreign policy.

He declared that the foreign policy of the United States had been a "hiss and byword for the last 25 years." He specified the inaction in the case of Mrs. Maybrick and ex-consul Waller. The senator strongly urged the reassertion of the Monroe doctrine, so broadened as to secure the ultimate withdrawal of monarchical dependencies from this continent. Several petitions for the recognition of Cuban insurgents were offered and Mr. Squire (Rep., Wash.), introducing a bill for fortification of Atlantic, Pacific and lake ports said the senate was being asked to extend recognition to Cuban belligerents, and to firmly reassert the Monroe doctrine. "We are talking of these matters as though we had a chip on our shoulders," he added, "and we go along in blissful ignorance or in action as to the unfortified condition of our ports."

The first move in the Delaware contested senatorship was made when Mitchell of Oregon presented a letter and accompanying records to the senate from H. A. Dupont, claiming the right to be admitted as a member from Delaware. Delaware's Democratic senator, Mr. Gray, thereupon did the courteous act of moving that the privileges of the floor be given his Republican quasi-colleague pending determination of his case, and Mr. Dupont was brought in and introduced to senators.

Mr. Chandler (Rep., N. H.) presented a mass of petitions alleging election frauds in Alabama and claiming the election as governor of Reuben F. Kolb.

POPULISTS BLOCK THE WAY.

Will Stand Together, Preventing Republican Reorganization of the Senate.

WASHINGTON, Dec. 5.—The Populist members of the senate have taken a step which probably will prevent reorganization of the senate by the Republicans, deciding to stand together against both old parties. Senators Peffer, Allen, Kyle and Butler, ranked as straight Populists, and also Senators Jones and Stewart of Nevada, upon whom some of the Republicans have counted for assistance in case of an effort to reorganize, were present. There was no dissent against a proposition to stand together on the question of organization, and to give no support to either of the old parties in the election of officers of the senate and in other party matters.

Those present also decided to nominate their own candidates for the various offices in case the other parties place candidates in the field. Selections will be deferred until action is made necessary by the Republicans and Democrats. In case the Republicans initiate a movement in this direction the Populists will place a full ticket in the field, and they agreed that with this step once taken they would stand by their candidates solidly to the end. The Republicans now lack three of a majority and will lack one after the Utah senators come in.

REED KEEPING MUM.

He Won't Give Out the Personnel of His Committee.

WASHINGTON, Dec. 5.—Members who have been closeted for brief times with Mr. Reed declare that they have no knowledge as to what the speaker intends to do regarding committee appointments. A constant stream of visitors have been received by Mr. Reed, but they have emerged with a paucity of information.

They say that the speaker listens to all they tell him about the committee places which they think should be allotted to themselves and their friends, and then says that there is plenty of time yet and he will give the matter his most careful consideration. Not even by insinuation does he let fall scraps of information. It is said that good authority that Mr. Reed is so guarded that he will not even let the few of the many new members for their positions yet; that he intends to meet them first and then take their measures personally.

Peckham Will Be Confirmed, Says Hill.

FR. MONROE, Va., Dec. 5.—Senator Hill of New York has arrived here from the northwest. Upon being advised of Judge Peckham's nomination to the United States supreme bench, he immediately replied: "The nomination is an excellent one and will be confirmed."

NATIONAL CAPITAL NOTES.

The house was not in session. The treasury has lost \$500,000 in gold for export, which leaves the true amount of the gold reserve \$79,965,966. The statement of the condition of the treasury shows: Available cash balance, \$175,864,336; gold reserve, \$79,465,966.

Senator Sherman has reintroduced his bill to fix session for the union, standard classification and grading of grain. A bill for the readjustment and increase of pensions granted on account of the loss of limbs has been introduced by Senator Sherman.

Minister Terrell has cabled the state department that all of the American missionaries in Turkey are safe and properly protected.

The unfortunate battleship Texas has had another breakdown. She went out in a full-powered steam trial trip from New York, but damaged her steering gear.

The labor organizations of the country are making a joint effort to secure the appointment of Representative Phillips of Pennsylvania to the chairmanship of the house committee on labor.

Mr. Castle has presented to President Cleveland his letters of recall as Hawaiian minister to the United States, and Mr. Hatch thereupon recalled him. Mr. Castle's successor. The letters and the president's replies were exceedingly pleasant in tone.

Chief Justice Fuller has improved, and Dr. Johnston says his illness amounts only to a slight indisposition, and that he will be on the bench again in a few days. The Republican senatorial caucus has adopted a resolution authorizing Senator Sherman, as chairman of the caucus, to nominate the committee on committees, and providing that the list selected by him shall be submitted to the full caucus for confirmation.

OHIO DAY AT ATLANTA.

Fully 3,000 Buckeye Citizens Helped Celebrate It.

OHIO TROOPS ON DRESS PARADE.

Interesting Exercises at the Exposition Grounds—Speeches Made by General Michael Ryan and Hon. W. S. Capellan. Gov. McKinley Unable to Be Present.

ATLANTA, Dec. 5.—The Buckeye state sent a big delegation to the exposition to celebrate Ohio day, and the Ohioans were exceedingly well received. The First regiment, Ohio national guard, and the Cincinnati chamber of commerce brought a great delegation with them, and the exposition was in every sense in the possession of the visitors from Governor McKinley's state. Governor McKinley could not accompany the visitors.

The number of Ohioans in the city will probably reach 3,000. The Cincinnati Engineer delegation came on a special train and was accompanied by the Weber band, which has enlivened the occasion with its music. The soldiers formed in line near the Kimball House about 10 o'clock and marched to the exposition grounds, where they were dismissed. In the Auditorium, where the ceremonies were held, a great crowd had assembled. On the stage there were Mayor Caldwell, General Michael Ryan, J. M. Glenn, M. J. Freyberg, Adm. S. Myrl, Samuel W. Frost, Ralph Peters, John H. Allen, Chief of Police Dietrich, Judge A. H. Bode and a number of ladies.

Vice President W. A. Hemphill of the exposition presided and made an address of welcome and State School Commissioner Glenn welcomed the visitors in behalf of the people of Georgia. Rev. Howard Henderson responded to these addresses and speeches were also made by General Michael Ryan and Hon. W. S. Capellan of Mansfield. In the afternoon the Ohio troops gave a dress parade on the grounds that attracted much attention.

Stationary Engineers May Strike.

CLEVELAND, Dec. 5.—The stationary engineers of Cleveland are preparing to demand an increase in wages next spring, and in the event that it is not granted to strike. There are now five associations of engineers, with a membership of about 800. They expect to increase this to 1,000 and have a joint board, which will legislate for all, where all are interested. A recent investigation shows that some of the engineers are working for \$4 per week and that only a few earn more than \$12 per week.

Attacked by an Orphan Girl.

DAYTON, O., Dec. 5.—Bessie Jones, an orphan who was taken into the home of George Ward, became insane suddenly the other evening and attacked Mrs. Ward with a smoothing iron. The lady was rendered unconscious by the force of the blow on the head, and her condition is regarded as serious. The frantic girl then knocked down the little daughter, and would surely have killed someone had it not been for the timely intervention of the husband. The girl is in charge of the police.

Seized a Ticket Office and Engines.

LIMA, O., Dec. 5.—United States Marshal Harmon of Toledo has seized the ticket office of the Lake Erie and Western railway here and seven engines in the yard on an execution in favor of Bert Craig, formerly a brakeman in the employ of the company. Craig secured a judgment in the United States court recently for \$13,000 for the loss of both legs in an accident on the road, but the judgment was not paid, hence the execution.

Confessed His Wrongdoing.

COLUMBUS, Dec. 5.—Louis Sells Barrett, pass clerk to General Superintendent Miller of the Pennsylvania South-west system, has been caught placing employees' trip passes in the hands of Jack Sneed, a local broker, and when taken to police headquarters, confessed. The passes were taken from the middle of a book and given to the broker, who countersigned and sold them, they being good over the entire system.

Don't Believe Stone's Story.

CLEVELAND, Dec. 5.—The police of this city think the confession of John Stone at Fort Wayne, Ind., is based largely on imagination. Nothing is known here of the crimes which Stone says he and Walrath committed in Cleveland, and it is certain that the pair were not arrested here and that they did not escape from jail by feigning insanity.

Refused to Take Strikers' Places.

CLEVELAND, Dec. 5.—Thirty-four laborers employed in Cincinnati last week to work on the ore docks at Ash tubula are now on their way home. When they arrived at Ashtabula they found a strike in progress and refused to work. They came to this city or railroad tickets purchased by the strikers and were given lodging and breakfast at the Bethel.

A Baron to Be a Lawyer.

COLUMBUS, Dec. 5.—Among the 53 candidates for admission to the bar now under examination, is Baron Vor Hunfalvey, a Hungarian nobleman, formerly an attaché of the Austrian legation at Washington and now a practicing attorney at Chicago. He will locate in Cleveland. Miss Amy F. Acton of Dayton, a graduate of the Boston law school, is also a candidate.

Boys Accused of Forgery.

MILLERSBURG, O., Dec. 5.—Bernie Lamson of New Philadelphia and William Hamiltree of Akron have been arrested here on a charge of forging an order on J. F. Finley, the lumber dealer, and trying to pass it on John Hudson for a pair of boots. They are boys of only about 14 years of age.

Cincinnati Livestock Market.

CINCINNATI, Dec. 4.
HOGS—Market active and strong at \$3.00 1/2. Receipts, 12,300 head; shipment, 7,500 head.
CATTLE—Market steady at \$2.25 1/2 to \$4.15. Receipts, 13,0 head; shipments, none.
SHEEP AND LAMBS—Market for sheep weak at \$1.00 to \$1.25. Receipts, 1,400 head; shipments, 400 head. Lambs steady at \$2.50 to \$4.00.

ENGLAND BACKED UP.

The Powers Threaten to Force the Passage of the Dardanelles.

LONDON, Dec. 5.—The Daily Telegraph publishes a dispatch from Constantinople today which reports that the powers have presented an ultimatum to the porte, threatening to force the passage of the Dardanelles, unless firms are issued within 72 hours, permitting the passage of the second guard ships.

A Constantinople special says: The sultan's appeal to the different powers, except England, begging them to withdraw their demands for second guardships, because it would lower his dignity to grant the requests, has been met with refusal and the information given that the powers are acting in concert.

Armenians are again being arrested and expelled from Constantinople.

It is understood that the concentration of troops at Marash is about completed and the advance upon Zeitoun, which is only 15 miles from Marash, may be expected at any time. The general opinion expressed here is that the Armenians of Zeitoun, who captured the Turkish troops, will be shown no mercy in spite of the promises of moderation in dealing with the insurgents made by the Turkish government after representations on the subject had been made by the representatives of the powers.

A Washington special says: The Turkish legation has received from the sublime porte a long report of the Armenian troubles at Trebizond, signed by the civil and military officials, the consuls and notables of the vilayet, Mussulman, Greek orthodox and Catholics. They place the blame on the Armenians.

A PLAGUE AMONG NEGROES.

They Refuse to Take Medicine, Thinking They Are Punished by Providence.

LITTLE ROCK, Dec. 5.—Further details of the reported wholesale poisoning of negroes near Texarkana has been received here. Up to the present time 12 deaths have occurred and as many more are in a precarious condition. The negroes of the community are superstitious and ignorant and do not believe that the deaths are the result of poison or disease, but that it is pestilence visited upon them by God. So strong is this belief fastened upon them that they refuse to take medicine and will not receive treatment of any kind at the hands of physicians.

The doctors say that the deaths are the result of a gripe in virulent form and that there has been no poisoning. The disease is spreading and unless the negroes can be induced to take medicine many more deaths are likely to occur before the epidemic is checked. The theory entertained by some that the negroes have been poisoned is based on the fact that the farmers in that section are in the habit of feeding poisoned slops to their hogs to prevent the negroes from stealing their pork.

CLAIMS HE'S A BAD MAN.

An Indiana Prisoner Tells of Crimes, Which Are Not Verified.

FORT WAYNE, Dec. 5.—William Stone, formerly a member of the Dalton gang, under sentence of ten years here for shooting Deputy Sheriff Harold, has confessed to committing murders in Chicago, Cleveland and Kansas City and several other places. His story is one of a life of murder, burglary, train and stage robbing, and is a startling confession.

Advices from Mansfield, O., and Erie, Pa., and Kansas City indicate that Stone was very familiar with murders committed at each of these places. Denials have been received from Chicago, Cleveland and Buffalo.

The Fair Heirs Compromise.

SAN FRANCISCO, Dec. 5.—The collateral heirs to the estate of the late Senator Fair have sold their interests in the children for \$400,000. By the terms of the sale the heirs abandon all of the rights guaranteed under the trust clause of the will. The compromise is said to have been effected to give the direct heirs an important advantage in a trial before a jury.

Bad Man Wanted In Cleveland.

CHICAGO, Dec. 5.—Harry Martin, alias St. Clair, alias Lincoln and alias many other names, who is regarded by the police as one of the boldest highway robbers and burglars in the country, has been arrested. He is wanted in Cleveland for a diamond robbery for which he was arrested several months ago. He was placed under \$7,000 bonds and defaulted before his trial.

Pope Aids the Armenians.

ROME, Dec. 5.—The Observator Romano has a letter from Constantinople, which says that the pope, immediately after he learned of the misery in Armenia, sent 50,000 lire to the Armenian patriarch, who has replied, expressing his thanks.

An Embezzler Brought Back.

NEW ORLEANS, Dec. 5.—A. K. Ward has returned here on the City of Dallas from Honduras. He is the Memphis embezzler.

The Weather.

Partly cloudy weather; probably light local snows; winds shifting to westerly slightly colder.

PITH OF THE NEWS.

F. P. Murphy, tackle, has been elected captain of the Yale football team.

Many Cholera Deaths In Russia.

ST. PETERSBURG, Dec. 5.—From Nov. 23 to Nov. 30 there were 47 cases of cholera, and 14 deaths from that disease here. For the week ending Nov. 16 there were 220 cases and 110 deaths in the government of Volhynia, which shows a large decrease. Seventy-two cases and 26 deaths have occurred in the district of Berditcheff, in the government of Kiev.

Loyal Legion Expels Major Andrews

NEW YORK, Dec. 5.—Major William S. EAST LIVERPOOL, O., THURSDAY, DEC. 5.

For President, WILLIAM MCKINLEY, Of Ohio.

Ohio is storming Atlanta this week and having almost as much fun as when its brave soldiers did so much toward capturing the same place a few years ago.

If the legislature follows half the suggestions made for special legislation the session will last for six months, and the Republican party will be wrapped in toils from which it can not be untwined for a few years.

The potters want the duty restored because they were ill treated and abused out of all proportion by the men who framed the Wilson bill and by the pseudo statesmen who revised it for the benefit of various industries.

THE BEST REASON.

When the reformers at Akron decided that they wanted no more spring elections, and immediately set the ball of their inclinations rolling over the state, some one met their argument for the new order with the assertion that the holding of all elections on one day and the use of one ballot for every office to be filled would not only cause dire confusion and necessitate a long and expensive education for the voter, but would attract attention from local issues, thus allowing a loop hole for the election of municipal officers who should not be there.

There is no part of public business nearer to the taxpayer and the law abiding citizen than the affairs of his own town or city. The selection of men not qualified to fill the offices comes directly to the people who see them and feel their influence every day of the year. Corruption in a municipality is more demoralizing than in the state or general government, for then it is known and appreciated for the evil it really does. Before municipal election the merits and demerits, the qualifications and attainments of every candidate is carefully discussed. If he is chosen it is the fault of the people. The campaigns are at times bitter and feeling runs high. Every issue is known and no man need be in ignorance of the principles represented by the candidate's supporters. These form the strongest argument that could be brought against the abolition of spring elections. In a campaign fought on state or national lines what at that time seem to be the petty affairs of a city sink to insignificance, and are passed by without particular attention from any except the opposing candidates. Party lines would be closely drawn, and the aspirant for local position would depend upon his party and its great issues for victory or defeat. We believe in separating in a measure local politics from any other, in nominating and electing men who will administer municipal government in the best possible manner. They would in this city still be Republicans, but in the rush and excitement of a greater campaign the party is open to more errors than if the municipal battle was fought fairly upon its own foundation. Abolish spring elections and the purity of municipal affairs is in danger of palling before the greater issues of mightier contests.

Mr. Ira P. Wetmore, a prominent real estate agent of San Angelo, Texas, has used Chamberlain's Colic, Cholera and Diarrhoea remedy in his family for several years as occasion required, and always with perfect success. He says: "I find it a perfect cure for our baby when troubled with colic or dysentery. I now feel that my outfit is not complete without a bottle of this remedy at home or on a trip away from home. ENGLAND SAYS NO!

Refuses Our Demand to Arbitrate With Venezuela.

THE SITUATION VERY TICKLISH.

The President to Keep From Backing Down, Must Make What is Perilously Near a Declaration of War—Must Depend on Congress For Instruction.

WASHINGTON, Dec. 5.—Word has reached here from London that the reply of the Marquis of Salisbury to the note of Secretary Olney on the Venezuelan question is on board the White Star line steamship Britannic, due at New York on Friday next. The essence of the document is that Great Britain refuses to submit to arbitration any of the territory within the Schomburg line.

There is reason to believe that the president was aware before his message went to congress that Lord Salisbury's response to Ambassador Bayard's representations touching the Venezuelan boundary dispute would be unfavorable, but the fact was probably withheld from congress because that portion of the message relating to Venezuela had already been completed, and the president desires to make it the subject of a special communication that will give the matter the importance it deserves. If the reply is of the nature stated, then it is realized here that there is but one line of action open to the president. He has in his note of instructions to Mr. Bayard simply carried out the express wish of congress as exhibited in the resolution adopted toward the close of the last session. He has presented the issue plainly and divested it of all the extraneous issues that were sought to be included by the British government. The question of a claim for reparation for the arrest of British officials by the Venezuelans, being regarded by the president as directly dependent upon the main question of the solution of the boundary dispute, was not allowed to complicate the issue, nor was the attempt to assert jurisdiction over the best part of the land claimed, namely, that lying eastward of the shifting Schomburg line.

Having received a negative reply to his direct inquiry whether or not Great Britain had prepared to submit to arbitration all of the territory in dispute, for there can be no doubt that the president has been informed by cable of the nature of the communication coming by mail, there remains for him but one course, namely, to submit the matter to congress for its further direction. Beyond this point the president cannot go alone, for, to be consistent, he would be obliged to notify the British government that any encroachment upon Venezuelan soil would be regarded by the United States as a hostile act, and that is so perilously close to an open declaration of war that it might be construed as an infringement upon the constitutional power of congress.

Minister Andrade of Venezuela is highly gratified at that feature of the president's message referring to Venezuela. The minister cabled the essential points on Venezuela to the government authorities at Caracas last night and mailed copies of the full message. Mr. Andrade says it is a clear and forcible statement, which will meet with the most cordial reception by the government and people of Venezuela.

WOOLGROWERS IN SESSION.

They Meet to Try to Have the Duty Restored on Wool.

WASHINGTON, Dec. 5.—The annual meeting of the Association of Woolgrowers is in session here. The principal feature of the opening session was the annual address of President William L. Vance of Ohio, who dwelt on the present distressed condition of the woolgrowing industry and made various suggestions for remedial legislation and for concerted action to secure better protection to the growers. Resolutions will be adopted urging restoration of wool to the dutiable list at a reasonably high rate.

President Lawrence, in an informal conference, told the wool men he did not expect any measure of satisfaction to woolen interests would be passed by congress until a full revision of the tariff should be made. He submitted a long memorial, which he suggested be adopted and presented to congress. It recites the loss to sheep breeders caused by the free wool schedule of the Wilson tariff law and favors as temporary relief the re-enactment of the McKinley schedule, with slight modifications. Theodore Justice of Philadelphia advocated this re-enactment as a temporary relief, and said the McKinley wool tariff had yielded for three years an annual revenue of \$42,000,000. Placing wool on the free list, he said, had so far caused a loss of \$100,000,000 to the wool growers. The re-enactment of the McKinley schedule, he urged, should take effect immediately, and these views were formulated in proposed resolutions, which Mr. Justice read.

A resolution was offered that congress be asked to pass immediately as a partial measure of relief schedule (K)—wool and woollens—of the McKinley tariff law. This, however, was objected to by some of those present on the ground that the duties provided for by that schedule was not high enough, and the resolution was referred to a committee of five whose duty it is to draw up a memorial to congress asking for relief for the wool industry. This committee is composed of Judge Lawrence, chairman; Calvin Cowgill of Indiana, W. W. Burch of Chicago, A. E. Shepard of Texas and Theodore Justice of Philadelphia.

SESSION OF THE SENATE.

Turkish Affairs, Monroe Doctrine and the Cuban Rebellion Considered.

WASHINGTON, Dec. 5.—Most of the business transacted by the senate was of a routine character. Mr. Hoar showed the disposition toward co-operation with the president in dealing with the Turkish question by offering a resolution denouncing the recent atrocities in Turkey and assuring the executive branch of cordial endorsement, by congress, of a vigorous course for the protection of American citizens in Turkey and the suppression of the

barbarities against Christianity. Mr. Hoar did not ask immediate action on the resolution, but he secured the adoption of another resolution requesting the president to submit to the senate all correspondence relating to Turkey. The resolution makes specific inquiry as to what American consuls are absent from their posts by reason of the disorder prevailing.

The first formal speech of the session was made by Mr. Allen (Pop., Neb.) on Cuba and the Monroe doctrine. Mr. Allen urged the recognition of the Cuban insurgents, the annexation of Cuba and a strong foreign policy.

He declared that the foreign policy of the United States had been a "hiss and byword for the last 25 years." He specified the inaction in the case of Mrs. Maybrick and ex-Consul Waller. The senator strongly urged the reassertion of the Monroe doctrine, so broadened as to secure the ultimate withdrawal of monarchical dependencies from this continent. Several petitions for the recognition of Cuban insurgents were offered and Mr. Squire (Rep., Wash.), introducing a bill for fortification of Atlantic, Pacific and lake ports said the senate was being asked to extend recognition to Cuban belligerents, and to firmly reassert the Monroe doctrine. "We are talking of these matters as though we had a chip on our shoulders," he added, "and we go along in blissful ignorance or in action as to the unfortified condition of our ports."

The first move in the Delaware contested senatorship was made when Mitchell of Oregon presented a letter and accompanying records to the senate from H. A. Dupont, claiming the right to be admitted as a member from Delaware. Delaware's Democratic senator, Mr. Gray, thereupon did the courteous act of moving that the privileges of the floor be given his Republican quasi-colleague pending determination of his case, and Mr. Dupont was brought in and introduced to senators.

Mr. Chandler (Rep., N. H.) presented a mass of petitions alleging election frauds in Alabama and claiming the election as governor of Reuben F. Kolb.

POPULISTS BLOCK THE WAY.

Will Stand Together, Preventing Republican Reorganization of the Senate.

WASHINGTON, Dec. 5.—The Populist members of the senate have taken a step which probably will prevent reorganization of the senate by the Republicans, deciding to stand together against both old parties. Senators Peffer, Allen, Kyle and Butler, ranked as straight Populists, and also Senators Jones and Stewart of Nevada, upon whom some of the Republicans have counted for assistance in case of an effort to reorganize, were present. There was no dissent against a proposition to stand together on the question of organization, and to give no support to either of the old parties in the election of officers of the senate and in other party matters.

Those present also decided to nominate their own candidates for the vacant offices in case the other parties place candidates in the field. Selections will be deferred until action is made necessary by the Republicans and Democrats. In case the Republicans initiate a movement in this direction the Populists will place a full ticket in the field, and they agreed that with this step once taken they would stand by their candidates solidly to the end. The Republicans now lack the tie of a majority and will lack one after the Utah senators come in.

REED KEEPING MUM.

He Won't Give Out the Personnel of His Committee.

WASHINGTON, Dec. 5.—Members who have been closeted for brief times with Mr. Reed declare that they have no knowledge as to what the speaker intends to do regarding committee appointments. A constant stream of visitors have been received by Mr. Reed, but they have emerged with a paucity of information.

They say that the speaker listens to all they tell him about the committee places which they think should be allotted to themselves and their friends, and then says that there is plenty of time yet and he will give the matter his most careful consideration. Not even by insinuation does he let fall scraps of information. It is said a good authority that Mr. Reed has slated but few of the many new members for their positions yet; that he intends to meet them first and then take their measures personally.

PECKHAM WILL BE CONFIRMED, SAYS HILL.

FT. MONROE, Va., Dec. 5.—Senator Hill of New York has arrived here from the northward. Upon being advised of Judge Peckham's nomination to the United States supreme bench, he immediately replied: "The nomination is an excellent one and will be confirmed."

NATIONAL CAPITAL NOTES.

The house was not in session.

The treasury has lost \$500,000 in gold for export, which leaves the true amount of the gold reserve \$78,965,966.

The statement of the condition of the treasury shows: Available cash balance, \$175,564,236; gold reserve, \$79,465,966.

Senator Sherman has reintroduced his bill of last session to fix a uniform standard of classification and grading of grain. A bill for the readjustment and increase of pensions granted on account of the loss of limbs has been introduced by Senator Sherman.

Minister Terrell has cabled the state department that all of the American missionaries in Turkey are safe and properly protected. The unfortunate battleship Texas has had another breakdown. She went out on a full-powered steam trial trip from New York, but damaged her steering gear.

The labor organizations of the country are making a concerted effort to secure the appointment of Representative Phillips of Pennsylvania to the chairman-ship of the house committee on labor.

Mr. Castle has presented to President Cleveland his letters of recall as Hawaiian minister to the United States, and Mr. Hatch, those accrediting him as Mr. Castle's successor. The letters and the president's replies were exceedingly pleasant in tone.

Chief Justice Fuller has improved, and Dr. Johnston says his illness amounts only to a slight indisposition, and that he will be on the bench again in a few days. The Republican senatorial caucus has adopted a resolution authorizing Senator Sherman, as chairman of the caucus, to nominate the committee on committees, and to provide that the full caucus shall be submitted to the full caucus for confirmation.

OHIO DAY AT ATLANTA.

Fully 3,000 Buckeye Citizens Helped Celebrate It.

OHIO TROOPS ON DRESS PARADE.

Interesting Exercises at the Exposition Grounds—Speeches Made by General Michael Ryan and Hon. W. S. Capellier. Gov. McKinley Unable to Be Present.

ATLANTA, Dec. 5.—The Buckeye state sent a big delegation to the exposition to celebrate Ohio day, and the Ohioans were exceedingly well received. The First regiment, Ohio national guard, and the Cincinnati chamber of commerce brought a great delegation with them, and the exposition was in every sense in the possession of the visitors from Governor McKinley's state. Governor McKinley could not accompany the visitors.

The number of Ohioans in the city will probably reach 3,000. The Cincinnati Enquirer delegation came on a special train and was accompanied by the Weber band, which has enlivened the occasion with its music. The soldiers formed in line near the Kimball House about 10 o'clock and marched to the exposition grounds, where they were dismissed. In the Auditorium, where the ceremonies were held, a great crowd had assembled. On the stage there were Mayor Caldwell, General Michael Ryan, J. M. Glenn, M. J. Freyberg, Adam S. Myrl, Samuel W. Trons, Ralph Peters, John H. Allen, Chief of Police Dietsch, Judge A. H. Bode and a number of ladies.

Vice President W. A. Hemphill of the exposition presided and made an address of welcome and State School Commissioner Glenn welcomed the visitors in behalf of the people of Georgia. Rev. Howard Henderson responded to these addresses and speeches were also made by General Michael Ryan and Hon. W. S. Capellier of Mansfield. In the afternoon the Ohio troops gave a dress parade on the grounds that attracted much attention.

Stationary Engineers May Strike.

CLEVELAND, Dec. 5.—The stationary engineers of Cleveland are preparing to demand an increase in wages next spring, and the event that it is not granted to strike. There are now five associations of engineers, with a membership of about 800. They expect to increase this to 1,000 and have a joint board, which will legislate for all, where all are interested. A recent investigation shows that some of the engineers are working for \$4 per week and that only a few earn more than \$13 per week.

Attacked by an Orphan Girl.

DAYTON, O., Dec. 5.—Bessie Jones, an orphan who was taken into the home of George Ward, became insane suddenly the other evening and attacked Mrs. Ward with a smoothing iron. The lady was rendered unconscious by the force of the blow on the head, and her condition is regarded as serious. The frantic girl then knocked down the little daughter, and would surely have killed someone had it not been for the timely intervention of the husband. The girl is in charge of the police.

Seized a Ticket Office and Engines.

LIMA, O., Dec. 5.—United States Marshal Harmon of Toledo has seized the ticket office of the Lake Erie and Western railway here and seven engines in the yard on an execution in favor of Bert Craig, formerly a brakeman in the employ of the company. Craig secured a judgment in the United States court recently for \$13,000 for the loss of both legs in an accident on the road, but the judgment was not paid, hence the execution.

Confessed His Wrongdoing.

COLUMBUS, Dec. 5.—Louis Sells Barrett, pass clerk to General Superintendent Miller of the Pennsylvania South-west system, has been caught placing employees' trip passes in the hands of Jack Sneed, a local broker, and when taken to police headquarters, confessed. The passes were taken from the middle of a book and given to the broker, who countersigned and sold them, they being good over the entire system.

Don't Believe Stone's Story.

CLEVELAND, Dec. 5.—The police of this city think the confession of John Stone at Fort Wayne, Ind., is based largely on imagination. Nothing is known here of the crimes which Stone says he and Waltrath committed in Cleveland, and it is certain that the pair were not arrested here and that they did not escape from jail by feigning insanity.

Refused to Take Strikers' Places.

CLEVELAND, Dec. 5.—Thirty-four laborers employed in Cincinnati last week to work on the ore docks at Ash tabula are now on their way home. When they arrived at Ash tabula they found a strike in progress and refused to work. They came to this city or railroad tickets purchased by the strikers and were given lodging and breakfast at the Bethel.

A Baron to Be a Lawyer.

COLUMBUS, Dec. 5.—Among the 53 candidates for admission to the bar now under examination, is Baron von Hunfalvey, a Hungarian nobleman, formerly an attaché of the Austrian legation at Washington and now a practicing attorney at Chicago. He will locate in Cleveland. Miss Amy F. Acton of Dayton, a graduate of the Boston law school, is also a candidate.

Boys Accused of Forgery.

MILLERSBURG, O., Dec. 5.—Bern Lamson of New Philadelphia and William Hamilton of Akron have been arrested here on a charge of forging an order on J. F. Finley, the lumber dealer, and trying to pass it on John Hudson for a pair of boots. They are boys of only about 14 years of age.

Cincinnati Livestock Market.

CINCINNATI, Dec. 4. HOGS—Market active and strong at \$8.00 a 100. Receipts, 12,800 head; shipment, 7,500 head. CATTLE—Market steady at \$2.35@4.15. Receipts, 13,0 head; shipments, none. SHEEP AND LAMBS—Market for sheep weak at \$1.00@2.25. Receipts, 1,400 head; shipments, 400 head. Lambs steady at \$2.50@4.00.

ENGLAND BACKED UP.

The Powers Threaten to Force the Passage of the Dardanelles.

LONDON, Dec. 5.—The Daily Telegraph publishes a dispatch from Constantinople today which reports that the powers have presented an ultimatum to the porte, threatening to force the passage of the Dardanelles, unless firmness are issued within 72 hours, permitting the passage of the second guard ships.

A Constantinople special says: The sultan's appeal to the different powers, except England, begging them to withdraw their demands for second guardships, because it would lower his dignity to grant the requests, has been met with refusal and the information given that the powers are acting in concert.

Armenians are again being arrested and expelled from Constantinople.

It is understood that the concentration of troops at Marash is about completed and the advance upon Zeitoun, which is only 15 miles from Marash, may be expected at any time. The general opinion expressed here is that the Armenians of Zeitoun, who captured the Turkish troops, will be shown mercy in spite of the promises of moderation in dealing with the insurgents made by the Turkish government after representations on the subject had been made by the representatives of the powers.

A Washington special says: The Turkish legation has received from the sublime porte a long report of the Armenian troubles at Trebizond, signed by the civil and military officials, the ulama and notables of the vilayet, Mussulman, Greek orthodox and Catholics. They place the blame on the Armenians.

A PLAGUE AMONG NEGROES.

They Refuse to Take Medicine, Thinking They Are Punished by Providence.

LITTLE ROCK, Dec. 5.—Further details of the reported wholesale poisoning of negroes near Texarkana has been received here. Up to the present time 12 deaths have occurred and as many more are in a precarious condition. The negroes of the community are superstitious and ignorant and do not believe that the deaths are the result of poison or disease, but that it is pestilence visited upon them by God. So strong is this belief fastened upon them that they refuse to take medicine and will not receive treatment of any kind at the hands of physicians. The doctors say that the deaths are the result of a gripe in virulent form and that there has been no poisoning. The disease is spreading and unless the negroes can be induced to take medicine many more deaths are likely to occur before the epidemic is checked. The theory entertained by some that the negroes have been poisoned is based on the fact that the farmers in that section are in the habit of feeding poisoned slops to their hogs to prevent the negroes from stealing their pork.

CLAIMS HE'S A BAD MAN.

An Indiana Prisoner Tells of Crimes, Which Are Not Verified.

FORT WAYNE, Dec. 5.—William Stone, formerly a member of the Dalton gang, under sentence of ten years here for shooting Deputy Sheriff Har-old, has confessed to committing murders in Chicago, Cleveland and Kansas City and several other places. His story is one of a life of murder, burglary, train and stage robbing, and is a startling confession.

Advices from Mansfield, O., and Erie, Pa., and Kansas City indicate that Stone was very familiar with murders committed at each of these places. Denials have been received from Chicago, Cleveland and Buffalo.

The Fair Heirs Compromise.

SAN FRANCISCO, Dec. 5.—The collateral heirs to the estate of the late Senator Fair have sold their interests in the children for \$400,000. By the terms of the sale the heirs abandon all of the rights guaranteed under the trust clause of the will. The compromise is said to have been effected to give the direct heirs an important advantage in a trial before a jury.

Bad Man Wanted in Cleveland.

CHICAGO, Dec. 5.—Harry Martin, alias St. Clair, alias Lincoln and alias many other names, who is regarded by the police as one of the boldest highway robbers and burglars in the country, has been arrested. He is wanted in Cleveland for a diamond robbery for which he was arrested several months ago. He was placed under \$7,000 bonds and defaulted before his trial.

Pope Aids the Armenians.

ROME, Dec. 5.—The Observatore Romano has a letter from Constantinople, which says that the pope, immediately after he learned of the misery in Armenia, sent 50,000 lire to the Armenian patriarch, who has replied, expressing his thanks.

An Embezzler Brought Back.

NEW ORLEANS, Dec. 5.—A. K. Ward has arrived here on the City of Dallas from Honduras. He is the Memphis embezzler.

The Weather.

Partly cloudy weather; probably light local snows; winds shifting to westerly slightly colder.

PITH OF THE NEWS.

F. P. Murphy, tackle, has been elected captain of the Yale football team.

Bernard Lewis, a 12-year-old Brooklyn boy, is under arrest for highway robbery.

Young Grifo, the pug, has been arrested for threatening to kill a New York barkeeper.

Charles O'Connor, a confidence man, who fleeced a farmer, has been arrested in Kansas City.

A strange malady has carried off five children in their infancy, of a family living near Flemington, N. J.

Ex-President Harrison spoke at the dedication of the new mechanical laboratory, Purdue university, Lafayette, Ind.

The trial of Sheriff Tamsen for carelessness in permitting the escape of the three postoffice robbers, Killoan, Russell and Allen, began in New York.

Detective Quinlan, who was employed by the Haywards, at Minneapolis, has written a book, which is virtually a confession by Harry Hayward of Miss Gings's murder.

Lincoln R. Gibbs, who was graduated from Wesleyan university in 1892, has been elected to the chair of English literature in Boston university, to succeed Prof. Daniel Rochester, Jr.

Maceo and Gomez Unite Forces in Santa Clara Province.

A DECISIVE BATTLE FOLLOWS.

Combined Rebel Forces Beaten by the Spanish, Who Late Occupied the Insurgents' Position—Son of Late Lord Churchill Fought With the Spanish.

HAVANA, Dec. 5.—The rebel generals, Maceo and Gomez, have succeeded in uniting their forces in Santa Clara province, but have been defeated by the Spanish in a battle that followed.

Maceo crossed the military line of La Trocha on Nov. 29. He was accompanied by the bands of Miro, Cebreco and Quintan Sandera. The crossing was effected between the forts of La Sanchez and La Redonda, on the line north of Ciego de Avila.

Upon crossing the line, a force of the insurgents was detached to make an assault upon La Redonda, for the purpose of creating a diversion to prevent pursuit, while the main force pushed on towards the borders of Santa Clara province, which it was proposed to invade. Maceo's force was closely pursued by Generals Aldave and Aldecoa and Generals Suarez, Valdes and Narye were also sent to attack him, the Spanish object being to divert Maceo's advance upon Santa Clara and to prevent his junction with the forces of Gomez. Maceo succeeded in joining Gomez.

Later, Generals Suarez, Valdes and Narye met Gomez and Maceo near Gago de Avila and Jicotea. After a short and fierce fight the insurgents were forced to retreat with a numerous loss. The troops occupy the insurgent positions, their loss having been insignificant. It is reported that Lieutenant Winston Churchill of the royal army, son of the late Lord Randolph Churchill, took part.

AN OLD RULE UNEARTHED.

It Gives the Republicans More Show in Making Up Senate Committees.

WASHINGTON, Dec. 5.—After the senate Republican caucus adjourned, the discovery was made that one of the senate rules provides for the appointment of members, except the chairman of committees, by a plurality of the votes cast. Inquiry shows this rule, the existence of which had been forgotten, was put into operation as long ago as 1820 and has continued in force ever since.

The existence of this rule presents a most interesting phase of the senate situation. Under it the Republicans can elect the members of the committee, except the chairman, because they have beyond doubt a plurality in the senate unless all the Populists should vote with the Democrats against them.

MAHER WILL FIGHT FITZ.

Corbett Refuses Dan Stuart's Offer For a Match.

NEW YORK, Dec. 5.—Corbett will not agree to meet Fitzsimmons for the \$30,000 purse offered by Dan Stuart of Texas. The ultimatum was handed to Stuart by William A. Brady, Corbett's manager. Stuart submitted articles of agreement to Brady and made a direct proposal to the manager that Corbett meet Fitzsimmons for a guaranteed purse of \$20,000.

"We have retired," was Brady's firm reply. He then stated that it was hardly worth while to break up a prospective profitable theatrical engagement to fight Fitzsimmons. Stuart now declares that he will match Maher against Fitzsimmons and hopes to force Corbett to fight the winner.

To Restore Ezeta to Power.

SAN FRANCISCO, Dec. 5.—Manuel Casin, General Antonio Ezeta's right hand man, has chartered the small tug Barclay Golden, and vague stories of an expedition against Salvador are floating about. The supposition is that Ezeta will be taken on board at Acapulco, and that some plan to get him and his friends into Salvador has been determined upon.

Choynski and Hall Matched.

PHILADELPHIA, Dec. 5.—Parson Davies, representing Joe Choynski, and J. Kennedy of the Empire Athletic club, Mespheth, L. I., have signed articles with Jim Hall for a fight of 20 rounds or more at the Empire club on Jan. 13 with Choynski.

The Match Not Off.

DALLAS, Tex., Dec. 5.—A New York dispatch announcing that the Lavigne-Everhardt match is off is denied by H. P. Kane of this city. Everhardt's manager says Jack Everhardt will fight any 135-pound man in the world, Kid Lavigne preferred.

A Bad Freight Wreck.

HUNTINGTON, W. Va., Dec. 5.—Freight train No. 68, southbound on the Norfolk and Western, has been wrecked at Patrick creek. Fireman Ganz was fatally hurt and others were seriously injured. The engine and 15 boxcars are a total wreck. Loss, heavy.

LOCAL BREVITIES.

Frank H. Croxall is confined to his home by the grip.

A new butcher shop has been added to the business interests of the city.

The Knights of the Golden Eagle initiated two candidates into their order last night.

Water pipes are being laid on Burton alley between the Calcutta road and Lincoln avenue.

Roser Smith, who has been employed at Thompson's, moved his family to Matamoras last night.

Mrs. Louis Calhoun, the Seventh street lady who fell and broke her arm last week, is steadily improving.

Many potteries in the city are preparing for winter by laying in a supply of coal while cars are not so scarce and the fuel is not high.

Mr. and Mrs. Isaac Knowles left this morning for Montecito, Cal., where they will spend the winter. They will be absent about six months.

William Howard and William Kriblach returned last night from the oil fields near McDonald, where they have been employed for several months.

The managers of the lecture course have interviewed the management of the opera house, and learned that the auditorium will be well warmed before the lecture.

The pay car passed down this morning and will not be back until Saturday, but a number of the company's employees will go to Wellsville this evening for their money.

Doctor Huston yesterday said the words which united for life Mr. W. M. Snowden and Miss Edie Garner, both of this city. The young people have the best wishes of many friends.

The ladies of the Eastern Star will hold the annual banquet next Thursday evening in the lodge rooms of the Golding block. It is their second anniversary as an organization, and promises to be an unusually enjoyable event.

The day after William Householder was killed on the bridge at Irondale some one wrote that he was 80 years old, and now all the papers are telling their readers how the old man (?) met his death, when in truth the boy was about eight years of age.

Edward Hill, who was shot by his cousin, Harry Allison, over a week ago, continues to improve, and it is now thought that his complete recovery is only a question of time. The bullet is still in the boy's head, every effort to extract it having proved a failure.

The river is rising, yet few boats are on the river. The Bedford went up last night, the first time the boat has been seen here for many months, and a few tows of empties passed. There may be a coal boat stage, but the rivermen say there must be more rain before that comes.

The alley connecting East Market with Walnut street is in a bad way, and teamsters are kicking. When it was muddy, wagons went in to the hub, and now the ground is frozen, they have more jolts and bumps while passing over the ground than can be found in a dozen other alleys.

An employe of the freight depot bought three turkeys the other day, intending one for Thanksgiving, another for Christmas and the third for New Year's. The Thanksgiving bird died of a broken heart the day before it was to be sacrificed, and now the owner is watching the other birds with the fear that they will follow.

Joseph Smith, an employe of the freight depot, carries his face in a sling because of an accident he suffered the other day. He was aiding in the unloading of a heavy box when it fell and struck him, knocking him a distance almost equal to the length of a car. The only serious injuries he sustained were a number of cuts and bruises on the side of his face.

When the parade of the minstrel troupe was passing a saloon on East Market street the proprietor, to please the company, came to the curb with a large tray on which stood a number of foaming glasses of beer. He was about to invite the boys to step up and help themselves, when the crowd following the parade arrived at the spot. Seeing that there was something for nothing they made a rush, and in less time than it takes to tell the story every glass was empty, and the crowd was clamoring for more. The saloonkeeper quickly sought his shop, and did not again appear, while the band played on.

"Liverpool will not have a government building next year or the year after," said a resident, who always knows a little of everything, today. The wheels of congress, like the mills of the gods, go slowly, and just now the congressmen are thinking more of providing revenue for necessary expenditures, than of spending money in small cities for federal buildings. O, yes; we are bound to have one in time, but I'll be surprised if it happens before the beginning of the next century. But it is not because we are not entitled to one, for the business of the office certainly justifies the expenditure."

WE ARE
GOING TO
DO IT.

We have too many \$8 and \$10 Jackets. We intend moving them tomorrow morning; we intend changing the prices on them. The \$8 and \$9 Jackets will be marked down to \$7, and the \$10 ones to \$7.75. No matter to you whether we are losing money or not you will be satisfied if you get one of these garments.

A LITTLE
DEAL IN
FUR CAPES.

Are you interested? If not pass over this part of our advertisement, but if you are, just glance through; it may save you money. We have about forty of these capes left. They are the 27 and 30 in. capes, half-shorn Coney and Electric Seal. Full sweep garments, that are worth today \$15, \$16.50 and \$18 have been placed by us on one rack and marked at 12.50 each. This is a special drive and will not last long.

ONE
MORE GO

At what garments we have from last season's stock. Since we have advertised them at half price we have sold a lot of them, but we still have a few left. You can own one for just half what it is marked. All \$5.00 ones for \$2.50; the better ones the same way; \$10.00 ones for \$5.00; \$12.50 ones for \$6.25, and so on. If you are looking for a garment for everyday wear you can find it in this stock.

MUFFS &
FUR TIES.

We are showing the newest things with the style of Jackets used this season. You require something for your hands and neck. We can please you.

The Crosser-Ogilvie Co.

WILL YOU COMPARE?

If you do, you'll buy here. Compare our black and blue Kersey Overcoats at \$10 with the \$13 grades elsewhere. Ours is just as good; maybe better.

Compare our fine DressSuits and Overcoats at \$15 and \$18 with those sold for the same money elsewhere, and you will soon find that it will pay you to buy from us.

We can supply your wants in Hats and Furnishings with the best and latest.

Caution about the Use and Selection of Spectacles

"Persons having normal vision will be able to read this notice at a distance of 14 inches from the eye with ease and comfort; also will be able to read it at a distance of 17 inches, to 40 inches, with ease and comfort; and will be able to read it at a distance of 40 inches, to 100 inches, with ease and comfort. When the eye is defective and cannot read this notice at a distance of 14 inches, it is a sign that the eye is defective and needs correction. The lenses sold in this shop are of the best quality and have perfectly formed surfaces. Continued use of these poor lenses will result in permanent injury from the constant strain upon the muscles of accommodation to supply the defects in the eye."

Foreign Countries Send Much
Ware to America.

OLD ENGLAND HEADS THE LIST

France Has a Nice Little Business to Its Credit and Germany Sells in This Country—Increases Are Seen All Along the Line, Except in Exports.

The treasury department is always slow in making out its reports, and as regards the importations of crockery it makes no exception.

The last circular issued shows that the total in plain white for the nine months beginning with September is \$1,554,218, as compared with \$1,065,433 of last year, an increase which easily tells why American potteries have not been running as well as they should. The dutiable imports of the same ware ornamented and decorated increases the value of the imports to \$5,776,328 as against \$3,295,147 of the previous year.

The United Kingdom furnished this country with the largest amount of earthen, stone and china ware imported during September, \$409,815 being the value for the month this year, as against \$432,623 during September, 1894. The nine months' total shows \$3,693,904 worth of the above ware imported from the United Kingdom this year, as compared with \$2,309,929 worth in 1894. Germany comes next, the imports from that country amounting to \$358,245 in September, against \$239,843 worth imported last September. The total value of the nine months of this year footed up \$1,740,863 as against the imports of last year, which amounted to \$1,060,621.

Shipments of earthen, stone and china ware from France during September, amounted to \$185,133 against \$162,043 worth imported from that country during September, 1894. The total for the nine months of this year amounted to \$1,092,163, as against \$628,573 worth imported during the corresponding period of the year before. Imports from Austria-Hungary during September, amounted to \$80,011, as against \$81,806 worth imported the previous year in September. The nine months' total this year amounted to \$552,904, as compared with the imports of 1894, which were valued at \$356,022. Other European countries, not classified, furnished the United States with \$25,836 worth of earthen, stone and china ware during September, against \$11,864 worth last September. The nine months' total imports for this year amounted to \$136,601, against \$63,464 worth imported in 1894. Shipments from Japan were valued at \$20,007 in September, against \$16,989 last September. The total for the nine months amounted to \$171,144 in 1895, as against \$146,063 worth in 1894. Imports from other countries amounted to \$3,308 in September, as compared with \$3,478 in September of last year. The total for the nine months footed up \$29,875 against \$27,721 worth imported the previous year.

In exports we seem to be running steadily behind the board, a matter of little consolation when the increased imports is considered. The domestic exports of earthen and stone ware were amounted in September to \$9,475, a decided falling off from the exports of last September, which amounted to \$15,490. The nine months' total also shows a decrease, \$85,568 being the value of the exports this year, against \$94,237 worth exported in 1894. Exports of china ware, on the contrary, are increasing. The value of the exports for September amounted to \$1,393, against \$919 worth exported last September. The total for the nine months of 1895 shows \$18,000 worth of china ware exported, as compared with \$12,674 during the same period of 1894.

The above is reliable, coming as it does from the treasury department, and is the strongest reason why congress should have the duty raised at the earliest possible moment.

The Minstrels.

The home talent minstrels were greeted by a large audience last night, and showed by their clever acting and beautiful singing what Liverpool amateurs do. Every number was heartily endorsed, and the audience were well repaid for their liberal patronage. The solos and quartets, the tambourine and skirt dance by little Miss Surles, and a pretty rendition of "You Can't Play in Our Yard" were captivating features, while the club dances by Jack Hassey, and the bar exercises by the Turners were highly commendable. The minstrels give another performance on Saturday night, with an entire change of program.

Hear Leland in "World Making" at the Grand tomorrow.

Any piece of music used at the home talent minstrels can be duplicated at the music store of Smith & Phillips.

Leland's lecture on "World Making" is fascinating.

A PRIVATE CITIZEN.

Judge Billingsley Does His Last Work on the Bench.

SPECIAL TO NEWS REVIEW.
LISBON, Dec. 5.—Judge Billingsley wound up his business as judge last evening and is now a private citizen. The temporary injunction given John E. Goddard against John S. Dixon restraining the latter from collecting a judgment from Squire Morley's court in Liverpool was made permanent. The case was the result of a suit for damages to horses. The decision in the case of John Boyd against Sam Groves as given in the court of Squire Rose was reversed, and the suit of Ella M. Stout against William Stout was settled by the plaintiff paying the costs.

A marriage license was issued today to Thomas Armstrong and Mary Darrah, both of East Liverpool.

Judge Taylor has sent word that it will be impossible for him to open court here on Monday of next week, and the assignment has gone over until the week following when he can be present.

BOSTWICK WANTS BOODLE.

The Manager of the Light Company After the General Electric.

SPECIAL TO THE NEWS REVIEW.
LISBON, Dec. 5.—Fred H. Bostwick, of East Liverpool, sued the General Electric company today for \$300. A year ago last March he contracted with the company to sell a dynamo to a Warren company, the price of the machine being placed at \$1,580. Of this sum he was to receive \$300 in commission, but it has never been paid and the suit is the result. The property which he seeks to attach is now in possession of the Ceramic Light company of Liverpool.

A BUTTER FACTORY

Gets Into Court Because of Failure to Pay.

SPECIAL TO THE NEWS REVIEW.
LISBON, Dec. 5.—The butter factory at North Georgetown was in court today for the first time because a stockholder has failed to pay. Burnap & Burnap filed the suit against S. G. Cowgill, claiming that they equipped the factory with machinery, and it was ready for operation at the time stipulated in the contract. Each of the 39 stockholders was then to pay \$100, but Cowgill refused, and the firm ask for a judgment.

The great majority of men and women, of even very much more than ordinary intelligence, pay no attention whatsoever to the well established rules governing the preservation of health. Simple symptoms of indigestion or slight disarrangements of the stomach or system are treated by them as trivial happenings, having no weight or bearing upon their general health. In this seeming neglect or too much over confidence in their own robustness lies the greatest mistake of their lives, as it is invariably from these little ailments giant chronic diseases spring. To guard fully against such evils, use Libby's Phosphatic Beef, Iron and Wine; the only true tonic to the stomach system, system and nerves, perfect strength and tissue producer, and new rich blood matter. Go or send for it to Alvin H. Bulger, druggist, Sixth and West Market.

Epworth League Social.

The members of the Epworth league of the First M. E. church will give a reception in the lecture room tonight. A very pleasant time is anticipated. You have a cordial invitation to be present. There will be no admission charge.

Anyone who has children will rejoice with L. B. Mulford, of Plainfield, N. J. His little boy, five years of age, was sick with croup. For two days and nights he tried various remedies recommended by friends and neighbors. He says, "I thought sure I would lose him. I had seen Chamberlain's Cough Remedy advertised and thought I would try it as a last hope and am happy to say that after two doses he slept until morning. I gave it to him next day and a cure was effected. I keep this remedy in the house now and as soon as any of my children show signs of croup I give it to them and that is the last of it." Twenty-five and 50 cent bottles for sale by A. H. Bulger, druggist.

Complained of the Water.

A number of drummers who have been in the city the past few days complain bitterly because of the water. They claim the fluid made them very ill, but complaints are not heard from any other quarter.

Did You Ever

Try Electric Bitters as a remedy for your troubles? If not, get a bottle now and get relief. Dr. PIERCE'S Golden Medical Discovery

Cures Ninety-eight per cent. of all cases of Consumption, in all its Earlier Stages.

Although by many believed to be incurable, there is the evidence of hundreds of living witnesses to the fact that, in all its earlier stages, consumption is a curable disease. Not every case, but a large percentage of cases, and we believe, fully 98 per cent. are cured by Dr. Pierce's Golden Medical Discovery, even after the disease has progressed so far as to induce repeated bleedings from the lungs, severe lingering cough with copious expectoration (including tubercular matter), great loss of flesh and extreme emaciation and weakness.

Do you doubt that hundreds of such cases reported to us as cured by "Golden Medical Discovery" were genuine cases of that dread and fatal disease? You need not take our word for it. They have, in nearly every instance, been so pronounced by the best and most experienced home physicians, who have no interest whatever in misrepresenting them, and who were often strongly prejudiced and advised against a trial of "Golden Medical Discovery," but who have been forced to confess that it surpasses, in curative power over this fatal malady, all other medicines with which they are acquainted. Nasty cod-liver oil and its filthy "emulsions" and mixtures, had been tried in nearly all these cases and had either utterly failed to benefit, or had only seemed to benefit a little for a short time. Cases of emaciation, wasting, and various preparations of the hyphosphites had also been faithfully tried in vain. The photographs of a large number of those cured of consumption, bronchitis, lingering coughs, asthma, chronic nasal catarrh and kindred maladies, have been skillfully reproduced in a book of 160 pages which will be mailed to you, on receipt of address and six cents in stamps. Address for Book, World's Dispensary Medical Association, Buffalo, N. Y.

Why not try a remedy so long tried and tested. Trial bottles free at Potts drug store. Regular size 50 cents and \$1.

Intense Interest.

Reverend O'Meara spent Tuesday and Wednesday in Allegheny attending the sessions of the prophetic conference, composed of ministers and members of orthodox churches. The object was to re-awaken the sense of the obligation to be always awaiting the coming of Jesus Christ. The meetings were attended by vast audiences, large numbers standing in the aisles. Rev. Dr. Pearson, who succeeded Doctor Spurgeon in London, was among the principal speakers.

FOR UNITY OF ACTION.

Epworth Leaguers Appoint a Committee to Confer With Christian Endeavorers.

NEW YORK, Dec. 5.—The semi-annual meeting of the general cabinet of the Epworth League of the Methodist church has been held here. The president of the cabinet, Bishop J. S. Fitzgerald of New Orleans, presided. The other officers present were Second Vice President Rev. W. J. Havens, Boston. Third Vice President Robert Doherty of New York and the Rev. E. A. Schell, general secretary. Among those who attended the cabinet meeting were Rev. H. J. Jennings of Minnesota, C. E. Piper of Chicago and Rev. Dr. Jos. Berry, editor of The Epworth League Herald.

The principal object of the meeting was for making preparations and completing the work which will be laid before the general conference of Methodist churches which will be held in Cleveland in May next. The question of disagreement between the Methodist church and Christian Endeavorers was discussed. The cabinet decided to appoint a committee to meet a like committee of Christian Endeavorers, whose aim it is to bring about a unity of work. The conference will meet in Detroit at an early date. The cabinet declined to take any action in regard to the anti-saloon convention which is arranged to be held shortly in Washington.

THE GERMANS ALARMED.

The President's Suggestion in His Message to Retaliates Causes Consternation.

LONDON, Dec. 5.—A dispatch to The Standard from Berlin today says: A feeling akin to consternation has been caused here by President Cleveland's reference to Germany. It has had a marked effect upon the bourse and has been discussed fully in the newspapers. The Radical newspapers take the opportunity to attack the agrarians and Baron von Koeller (who has just been dismissed from his post as Prussian minister of the interior), to whom they ascribe the prohibition of the importation of American cattle and the restrictions on life insurance companies.

The government organs, on the contrary, contest that the situation in America is responsible for these restrictions, and that their withdrawal rests with America herself.

CANADA'S BOLD MOVE.

Lets Out a Mail Contract in Disputed Territory in Alaska.

TACOMA, Dec. 5.—The Canadian government has let a contract for the carrying of mails from Juneau, in Alaska to Forty-Mile creek, which is also in the territory always claimed by the United States, but which Canada is now asserting claim to. It is asserted that for a foreign country to let a contract for the transmission of mails into the territory of another government is something practically unheard of in international affairs.

It would seem that it would only mean that the Dominion of Canada Great Britain's dependency, is bound to uphold at all hazards her claim to that strip of territory extending from and taking in Juneau to the rich gold fields of the Yukon river.

The Senate Committee Decides to Investigate the Iron City.

PHILADELPHIA, Dec. 5.—The senatorial investigating committee which is inquiring into the municipal condition of Philadelphia has decided by a unanimous vote to go to Pittsburgh and investigate the municipal conditions of that city.

Chairman Andrews will name the date. Before the committee went into session today a delegation of Pittsburghers, representing the Citizens' Municipal League and the Vigilance League of that city called upon them and asked the committee to visit Pittsburgh and investigate the government of that city. The leaguers presented a petition signed by 5,000 citizens of Pittsburgh urging that an investigation be made.

Tellurium.

A mining paper states, as a practical fact worth knowing, that any miner or prospector who has a blowpipe, alcohol lamp and a few drops of cold sulphuric acid can in a few minutes determine whether tellurium is present in ores, all that is necessary being to break off a small piece of the ore, place it in a porcelain dish previously warmed so as to avoid breaking, apply the blowpipe until the ore is at an oxidizing heat, then put one or two drops of the sulphuric acid on the porcelain dish and allow to mix with the ore—the reaction will immediately follow, if tellurium be present, by beautiful carmine and purple colors. The metal fuses at about 500 degrees C., and is distilled at a very high temperature. Its vapor is golden yellow and has a very brilliant absorption spectrum, while the electrical conductivity, like that of selenium, is largely influenced by the temperature previous to heat, increasing after exposure to light, though not to the same extent as does selenium. Tellurium burns, when heated in the air, with a blue flame, evolving white vapor of tellurium dioxide. It is insoluble in water and carbon disulphide, but dissolves in cold fuming sulphuric acid, imparting to the solution a most pleasing carmine color which almost immediately passes into a purple. The compact form is a silver white, resplendent metal of markedly crystalline structure.

EAST LIVERPOOL, O., THURSDAY, DEC. 5.

For President,
WILLIAM MCKINLEY,
OF OHIO.

Ohio is storming Atlanta this week and having almost as much fun as when its brave soldiers did so much toward capturing the same place a few years ago.

If the legislature follows half the suggestions made for special legislation the session will last for six months, and the Republican party will be wrapped in toils from which it can not be untwined for a few years.

The potters want the duty restored because they were ill treated and abused out of all proportion by the men who framed the Wilson bill and by the pseudo statesmen who revised it for the benefit of various industries.

THE BEST REASON.

When the reformers at Akron decided that they wanted no more spring elections, and immediately set the ball of their inclinations rolling over the state, some one met their argument for the new order with the assertion that the holding of all elections on one day and the use of one ballot for every office to be filled would not only cause dire confusion and necessitate a long and expensive education for the voter, but would attract attention from local issues, thus allowing a loop hole for the election of municipal officers who should not be there.

There is no part of public business nearer to the taxpayer and the law abiding citizen than the affairs of his own town or city. The selection of men not qualified to fill the offices comes directly to the people who see them and feel their influence every day of the year. Corruption in a municipality is more demoralizing than in the state or general government, for then it is known and appreciated for the evil it really does. Before a municipal election the merits and demerits, the qualifications and attainments of every candidate is carefully discussed. If he is chosen it is the fault of the people. The campaigns are at times bitter and feeling runs high. Every issue is known and no man need be in ignorance of the principles represented by the candidate he supports. These form the strongest argument that could be brought against the abolition of spring elections. In a campaign fought on state or national lines what at that time seem to be the petty affairs of a city sink to insignificance, and are passed by without particular attention from any except the opposing candidates. Party lines would be closely drawn, and the aspirant for local position would depend upon his party and its great issues for victory or defeat. We believe in separating in a measure local politics from any other, in nominating and electing men who will administer municipal government in the best possible manner. They would in this city still be Republicans, but in the rush and excitement of a greater campaign the party is open to more errors than if the municipal battle was fought fairly upon its own foundation. Abolish spring elections and the purity of municipal affairs is in danger of palling before the greater issues of night-ter contests.

Mr. Ira P. Wetmore, a prominent real estate agent of San Angelo, Texas, has used Chamberlain's Colic, Cholera and Diarrhoea remedy in his family for several years as occasion required, and always with perfect success. He says: "I find it a perfect cure for our baby when troubled with colic or dysentery. I now feel that my outfit is not complete without a bottle of this remedy at home or on a trip away from home. For sale by A. H. Bulger, druggist."

ENGLAND SAYS NO!

Refuses Our Demand to Arbitrate With Venezuela.

THE SITUATION VERY TICKLISH.

The President to Keep From Backing Down, Must Make What is Perilously Near a Declaration of War—Must Depend on Congress For Instruction.

WASHINGTON, Dec. 5.—Word has reached here from London that the reply of the Marquis of Salisbury to the note of Secretary Olney on the Venezuelan question is on board the White Star line steamship Britannic, due at New York on Friday next. The essence of the document is that Great Britain refuses to submit to arbitration any of the territory within the Schomburg line.

There is reason to believe that the president was aware before his message went to congress that Lord Salisbury's response to Ambassador Bayard's representations touching the Venezuelan boundary dispute would be unfavorable, but the fact was probably withheld from congress because that portion of the message relating to Venezuela had already been completed, and the president desires to make it the subject of a special communication that will give the matter the importance it deserves. If the reply is of the nature stated, then it is realized here that there is but one line of action open to the president.

He has in his note of instructions to Mr. Bayard simply carried out the express wish of congress as exhibited in the resolution adopted toward the close of the last session. He has presented the issue plainly and divested it of all the extraneous issues that were sought to be included by the British government. The question of a claim for reparation for the arrest of British officials by the Venezuelans, being regarded by the president as directly dependent upon the main question of the solution of the boundary dispute, was not allowed to complicate the issue, nor was the attempt to assert jurisdiction over the best part of the land claimed, namely, that lying eastward of the shifting Schomburg line.

Having received a negative reply to his direct inquiry whether or not Great Britain has prepared to submit to arbitration all of the territory in dispute, for there can be no doubt that the president has been informed by cable of the nature of the communication coming by mail, there remains for him but one course, namely, to submit the matter to congress for its further action. Beyond this point the president cannot go alone, for, to be consistent, he would be obliged to notify the British government that any encroachment upon Venezuelan soil would be regarded by the United States as a hostile act, and that is so perilously close to an open declaration of war that it might be construed as an infringement upon the constitutional prerogative of congress.

Minister Andrade of Venezuela is highly gratified at that feature of the president's message referring to Venezuela. The minister cabled the essential points on Venezuela to the government authorities at Caracas last night and mailed copies of the full message. Mr. Andrade says it is a clear and forcible statement, which will meet with the most cordial reception by the government and people of Venezuela.

WOOLGROWERS IN SESSION.

They Meet to Try to Have the Duty Restored on Wool.

WASHINGTON, Dec. 5.—The annual meeting of the Association of Woolgrowers is in session here. The principal feature of the opening session was the annual address of President William L. Vance of Ohio, who dwelt on the present distressed condition of the woolgrowing industry and made various suggestions for remedial legislation and for concerted action to secure better protection to the growers. Resolutions will be adopted urging restoration of wool to the dutiable list at a reasonably high rate.

President Lawrence, in an informal conference, told the wool men he did not expect any measure of satisfaction to woolen interests would be passed by congress until a full revision of the tariff should be made. He submitted a long memorial, which he suggested be adopted and presented to congress. It recites the loss to sheep breeders caused by the free wool schedule of the Wilson tariff law and favors as temporary relief the re-enactment of the McKinley schedule, with slight modifications. Theodore Justice of Philadelphia advocated this re-enactment as a temporary relief, and said the McKinley woolen tariff had yielded for three years an annual revenue of \$42,000,000. Placing wool on the free list, he said, had so far caused a loss of \$100,000,000 to the wool growers. The re-enactment of the McKinley schedule, he urged, should take effect immediately, and these views were formulated in proposed resolutions, which Mr. Justice read.

A resolution was offered that congress be asked to pass immediately as a partial measure of relief schedule (K)—wool and woolsens—of the McKinley tariff law. This, however, was objected to by some of those present on the ground that the duties provided for by that schedule was not high enough, and the resolution was referred to a committee of five whose duty it is to draw up a memorial to congress asking for relief for the wool industry. This committee is composed of Judge Lawrence, chairman; Calvin Covgill of Indiana, W. W. Burch of Chicago, A. E. Shepard of Texas and Theodore Justice of Philadelphia.

SESSION OF THE SENATE.

Turkish Affairs, Monroe Doctrine and the Cuban Rebellion Considered.

WASHINGTON, Dec. 5.—Most of the business transacted by the senate was of a routine character. Mr. Hoar showed the disposition toward co-operation with the president in dealing with the Turkish question by offering a resolution denouncing the recent atrocities in Turkey and assuring the executive branch of cordial endorsement, by congress, of a vigorous course for the protection of American citizens in Turkey and the suppression of the

barbarities against Christianity. Mr. Hoar did not ask immediate action on the resolution, but he secured the adoption of another resolution requesting the president to submit to the senate all correspondence relating to Turkey. The resolution makes specific inquiry as to what American consuls are absent from their posts by reason of the disorder prevailing.

The first formal speech of the session was made by Mr. Allen (Pop., Neb.) on Cuba and the Monroe doctrine. Mr. Allen urged the recognition of the Cuban insurgents, the annexation of Cuba and a strong foreign policy.

He declared that the foreign policy of the United States had been a "hiss and a howl" for the last 25 years. He specified the inaction in the case of Mrs. Maybrick and ex-Consul Waller. The senator strongly urged the reassertion of the Monroe doctrine, so broadened as to secure the ultimate withdrawal of monarchical dependencies from this continent. Several petitions for the recognition of Cuban insurgents were offered and Mr. Squire (Rep., Wash.), introducing a bill for fortification of Atlantic, Pacific and lake ports said the senate was being asked to extend recognition to Cuban belligerents, and to firmly reassert the Monroe doctrine. "We are talking of these matters as though we had a chip on our shoulders," he added, "and we go along in blissful ignorance or in action as to the unforgotten condition of our ports."

The first move in the Delaware contested senatorship was made when Mitchell of Oregon presented a letter and accompanying records to the senate from H. A. Dupont, claiming the right to be admitted as a member from Delaware. Delaware's Democratic senator, Mr. Gray, thereupon did the courteous act of moving that the privileges of the floor be given his Republican quasi-colleague pending determination of his case, and Mr. Dupont was brought in and introduced to senators. Mr. Chandler (Rep., N. H.) presented a mass of petitions alleging election frauds in Alabama and claiming the election as governor of Reuben F. Kolb.

POPULISTS BLOCK THE WAY.

Will Stand Together, Preventing Republican Reorganization of the Senate.

WASHINGTON, Dec. 5.—The Populist members of the senate have taken a step which probably will prevent reorganization of the senate by the Republicans, deciding to stand together against both old parties. Senators Peffer, Allen, Kyle and Butler, ranked as straight Populists, and also Senators Jones and Stewart of Nevada, upon whom some of the Republicans have counted for assistance in case of an effort to reorganize, were present. There was no dissent against a proposition to stand together on the question of organization, and to give no support to either of the old parties in the election of officers of the senate and in other party matters.

Those present also decided to nominate their own candidates for the various offices in case the other parties place candidates in the field. Selections will be deferred until action is made necessary by the Republicans and Democrats. In case the Republicans initiate a movement in this direction the Populists will place a full ticket in the field, and they agreed that with this step out they would stand by their candidates solidly to the end. The Republicans now lack three of a majority and will lack one after the Utah senators come in.

REED KEEPING MUM.

He Won't Give Out the Personnel of His Committee.

WASHINGTON, Dec. 5.—Members who have been closeted for brief times with Mr. Reed declare that they have no knowledge as to what the speaker intends to do regarding committee appointments. A constant stream of visitors have been received by Mr. Reed, but they have emerged with a paucity of information.

They say that the speaker listens to all they tell him about the committees which they think should be allotted to themselves and their friends, and then says that there is plenty of time yet and he will give the matter his most careful consideration. Not even by insinuation does he let fall scraps of information. It is said of good authority that Mr. Reed has slated but few of the many new members for their positions yet; that he intends to meet them first and then take their measures personally.

Peckham Will Be Confirmed, Says Hill.

FT. MONROE, Va., Dec. 5.—Senator Hill of New York, has arrived here from the northwest. Upon being advised of Judge Peckham's nomination to the United States supreme bench, he immediately replied: "The nomination is an excellent one and will be confirmed."

NATIONAL CAPITAL NOTES.

The house was not in session. The treasury has lost \$500,000 in gold for export, which leaves the true amount of the gold reserve \$79,965,966.

The statement of the condition of the treasury shows: Available cash balance, \$175,564,296; gold reserve, \$79,465,966.

Senator Sherman has reintroduced his bill of last session to fix a uniform standard classification and grading of railroads. A bill for the readjustment and increase of pensions granted on account of the loss of limbs has been introduced by Senator Sherman.

Minister Terrell has cabled the state department that all of the American missionaries in Turkey are safe and properly protected. The unfortunate battleship Texas has had another breakdown. She went out on a full-powered steam trial trip from New York, but damaged her steering gear.

The labor organizations of the country are making a concerted effort to secure the appointment of Representative Phillips of Pennsylvania to the chairmanship of the house committee on labor.

Mr. Castle has presented to President Cleveland his letters of recall as Hawaiian minister to the United States, and Mr. Hatch those accrediting him as Mr. Castle's successor. The letters and the president's replies were exceedingly pleasant in tone.

Chief Justice Fuller has improved, and Dr. Johnston says his illness amounts only to a slight indisposition, and that he will be on the bench again in a few days. The Republican senatorial caucus has adopted a resolution authorizing Senator Sherman, as chairman of the caucus, to nominate the committee on committees, and providing that the list selected by him shall be submitted to the full caucus for confirmation.

OHIO DAY AT ATLANTA.

Fully 3,000 Buckeye Citizens Helped Celebrate It.

OHIO TROOPS ON DRESS PARADE.

Interesting Exercises at the Exposition Grounds—Speeches Made by General Michael Ryan and Hon. W. S. Capellan. Gov. McKinley Unable to Be Present.

ATLANTA, Dec. 5.—The Buckeye state sent a big delegation to the exposition to celebrate Ohio day, and the Ohioans were exceedingly well received. The First regiment, Ohio national guard, and the Cincinnati chamber of commerce brought a great delegation with them, and the exposition was in every sense in the possession of the visitors from Governor McKinley's state. Governor McKinley could not accompany the visitors.

The number of Ohioans in the city will probably reach 3,000. The Cincinnati Enquirer delegation came on a special train and was accompanied by the Weber band, which has enlivened the occasion with its music. The soldiers formed in line near the Kimball House about 10 o'clock and marched to the exposition grounds, where they were dismissed. In the Auditorium, where the ceremonies were held, a great crowd had assembled. On the stage there were Mayor Caldwell, General Michael Ryan, J. M. Glenn, M. J. Freyberg, Adam S. Myrl, Samuel W. Trost, Ralph Peters, John H. Allen, Chief of Police Dietsch, Judge A. H. Bode and a number of ladies.

Vice President W. A. Hemphill of the exposition presided and made an address of welcome and State School Commissioner Glenn welcomed the visitors in behalf of the people of Georgia. Rev. Howard Henderson responded to these addresses and speeches were also made by General Michael Ryan and Hon. W. S. Capellan of Mansfield. In the afternoon the Ohio troops gave a dress parade on the grounds that attracted much attention.

Stationary Engineers May Strike.

CLEVELAND, Dec. 5.—The stationary engineers of Cleveland are preparing to demand an increase in wages next spring, and in the event that it is not granted to strike. There are now five associations of engineers, with a membership of about 800. They expect to increase this to 1,000 and have a joint board, which will legislate for all, where all are interested. A recent investigation shows that some of the engineers are working for \$4 per week and that only a few earn more than \$15 per week.

Attacked by an Orphan Girl.

DAYTON, O., Dec. 5.—Bessie Jones, an orphan who was taken into the home of George Ward, became insane suddenly the other evening and attacked Mrs. Ward with a smothering iron. The lady was rendered unconscious by the force of the blow on the head, and her condition is regarded as serious. The frantic girl then knocked down the little daughter, and would surely have killed someone had it not been for the timely intervention of the husband. The girl is in charge of the police.

Seized a Ticket Office and Engines.

LIMA, O., Dec. 5.—United States Marshal Harmon of Toledo has seized the ticket office of the Lake Erie and Western railway here and seven engines in the yard on an execution in favor of Bert Craig, formerly a brakeman in the employ of the company. Craig secured a judgment in the United States court recently for \$13,000 for the loss of both legs in an accident on the road, but the judgment was not paid, hence the execution.

Confessed His Wrongdoing.

COLUMBUS, Dec. 5.—Louis Sells Barrett, pass clerk to General Superintendent Miller of the Pennsylvania South-west system, has been caught placing employees' trip passes in the hands of Jack Sneed, a local broker, and when taken to police headquarters, confessed. The passes were taken from the middle of a book and given to the broker, who countersigned and sold them, they being good over the entire system.

Don't Believe Stone's Story.

CLEVELAND, Dec. 5.—The police of this city think the confession of John Stone at Fort Wayne, Ind., is based largely on imagination. Nothing is known here of the crimes which Stone says he and Walrath committed in Cleveland, and it is certain that the pair were not arrested here and that they did not escape from jail by feigning insanity.

Refused to Take Strikers' Places.

CLEVELAND, Dec. 5.—Thirty-four laborers employed in Cincinnati last week to work on the ore docks at Ash tabula are now on their way home. When they arrived at Ashtabula they found a strike in progress and refused to work. They came to this city or railroad tickets purchased by the strikers and were given lodging and breakfast at the Bethel.

A Baron to Be a Lawyer.

COLUMBUS, Dec. 5.—Among the 51 candidates for admission to the bar now under examination, is Baron von Hunfalvy, a Hungarian nobleman, formerly an attaché of the Austrian legation at Washington and now a practicing attorney at Chicago. He will locate in Cleveland. Miss Amy F. Acton of Dayton, a graduate of the Boston law school, is also a candidate.

Boys Accused of Forgery.

MILLERSBURG, O., Dec. 5.—Bern Lupson of New Philadelphia and William Hamiltree of Akron have been arrested here on a charge of forging an order on J. F. Finley, the lumber dealer, and trying to pass it on John Hudson for a pair of boots. They are boys of only about 14 years of age.

Cincinnati Livestock Market.

CINCINNATI, Dec. 4.
HOGS—Market active and strong at \$8.00 and 8.50. Receipts, 12,300 head; shipment, 7,500 head.
CATTLE—Market steady at \$2.26 & 4.15. Receipts, 1,319 head; shipments, none.
SHEEP AND LAMBS—Market for sheep weak at \$1.00 and 25. Receipts, 1,400 head; shipments, 400 head. Lambs steady at \$2.50 & 4.00.

ENGLAND BACKED UP.

The Powers Threaten to Force the Passage of the Dardanelles.

LONDON, Dec. 5.—The Daily Telegraph publishes a dispatch from Constantinople today which reports that the powers have presented an ultimatum to the porte, threatening to force the passage of the Dardanelles, unless firms are issued within 72 hours, permitting the passage of the second guard ships.

A Constantinople special says: The sultan's appeal to the different powers, except England, begging them to withdraw their demands for second guard ships, because it would lower his dignity to grant the requests, has been met with refusal and the information given that the powers are acting in concert.

Armenians are again being arrested and expelled from Constantinople. It is understood that the concentration of troops at Marash is about completed and the advance upon Zeitoun, which is only 15 miles from Marash, may be expected at any time. The general opinion expressed here is that the Armenians of Zeitoun, who captured the Turkish troops, will be shown no mercy in spite of the promises of moderation in dealing with the insurgents made by the Turkish government after representations on the subject had been made by the representatives of the powers.

A Washington special says: The Turkish legation has received from the sublime porte a long report of the Armenian troubles at Trebizond, signed by the civil and military officials, the nismas and notables of the vilayet, Mussulman, Greek orthodox and Catholics. They place the blame on the Armenians.

A PLAGUE AMONG NEGROES.

They Refuse to Take Medicine, Thinking They Are Punished by Providence.

LITTLE ROCK, Dec. 5.—Further details of the reported wholesale poisoning of negroes near Texarkana has been received here. Up to the present time 12 deaths have occurred and as many more are in a precarious condition. The negroes of the community are superstitious and ignorant and do not believe that the deaths are the result of poison or disease, but that it is pestilence visited upon them by God. So strong is this belief fastened upon them that they refuse to take medicine and will not receive treatment of any kind at the hands of physicians.

The doctors say that the deaths are the result of la grippe in virulent form and that there has been no poisoning. The disease is spreading and unless the negroes can be induced to take medicine many more deaths are likely to occur before the epidemic is checked. The theory entertained by some that the negroes have been poisoned is based on the fact that the farmers in that section are in the habit of feeding poisoned slops to their hogs to prevent the negroes from stealing their pork.

CLAIMS HE'S A BAD MAN.

An Indiana Prisoner Tells of Crimes, Which Are Not Verified.

FORT WAYNE, Dec. 5.—William Stone, formerly a member of the Dalton gang, under sentence of ten years here for shooting Deputy Sheriff Harold, has confessed to committing murders in Chicago, Cleveland and Kansas City and several other places. His story is one of a life of murder, burglary, train and stage robbing, and is a startling confession. Advice from Mansfield, O., and Erie, Pa., and Kansas City indicate that Stone was very familiar with murders committed at each of these places. Denials have been received from Chicago, Cleveland and Buffalo.

The Fair Heirs Compromise.

SAN FRANCISCO, Dec. 5.—The collateral heirs to the estate of the late Senator Fair have sold their interests in the children for \$400,000. By the terms of the sale the heirs abandon all of the rights guaranteed under the trust clause of the will. The compromise is said to have been effected to give the direct heirs an important advantage in a trial before a jury.

Bad Man Wanted in Cleveland.

CHICAGO, Dec. 5.—Harry Martin, alias St. Clair, alias Lincoln and alias many other names, who is regarded by the police as one of the boldest highway robbers and burglars in the country, has been arrested. He is wanted in Cleveland for a diamond robbery for which he was arrested several months ago. He was placed under \$1,000 bonds and defaulted before his trial.

Pope Aids the Armenians.

ROME, Dec. 5.—The Observatore Romano has a letter from Constantinople, which says that the pope, immediately after he learned of the misery in Armenia, sent 50,000 lire to the Armenian patriarch, who has replied, expressing his thanks.

An Embezzler Brought Back.

NEW ORLEANS, Dec. 5.—A. K. Ward has arrived here on the City of Dallas from Honduras. He is the Memphis embezzler.

The Weather.

Partly cloudy weather; probably light local snows; winds shifting to westerly slightly colder.

PITH OF THE NEWS.

F. P. Murphy, tackle, has been elected captain of the Yale football team. Bernard Lewis, a 12-year-old Brooklyn boy, is under arrest for highway robbery.

Young Grifo, the pug, has been arrested for threatening to kill a New York barkeeper.

Charles O'Connor, a confidence man, who fled a farmer, has been arrested in Kansas City.

A strange malady has carried off five children in a few months, of a family living near Flemington, N. J.

Ex-President Harrison spoke at the dedication of the new mechanical laboratory, Purdue university, Lafayette, Ind.

The trial of Sheriff Tamsen for carelessness in permitting the escape of the three pistol robbers, Killoran, Russell and Allen, began in New York.

Detective Quinlan, who was employed by the Haywards, at Minneapolis, has written a book, which is virtually a confession by Harry Haywood of Miss Gings' murder.

Lincoln R. Gibbs, who was graduated from Wesleyan university, in 1892, has been elected to the chair of English literature in Boston university, to succeed Prof. Daniel Dorchester, Jr.

Dates of G. A. R. Encampment.

ST. PAUL, Dec. 5.—The administrative council of the Grand Army of the Republic has fixed the date for the next encampment as Sept. 1-4, 1896. On Tuesday, Sept. 1, will come the nava parade and opening day; Sept. 2, the grand parade, which may be the last ever held, and on Thursday and Friday, the 3d and 4th, the encampment proper will be in session.

Many Cholera Deaths in Russia.

ST. PETERSBURG, Dec. 5.—From Nov 23 to Nov. 30 there were 47 cases of cholera and 14 deaths from that disease here. For the week ending Nov 16 there were 230 cases and 110 deaths in the government of Volhynia, which shows a large decrease. Seventy-two cases and 26 deaths have occurred in the district of Berdicheff, in the government of Kiev.

Loyal Legion Expels Major Andrews

NEW YORK, Dec. 5.—Major William S. Andrews, formerly street cleaning commissioner, has been expelled from membership on the New York commandery of the Loyal Legion on charges based upon testimony taken at the time of the sessions of the Lexow committee reflecting upon Mr. Andrews' record in the street cleaning department.

Enoch Arden Shown the Door.

BROOKVILLE, Ind., Dec. 5.—Twelve years ago Hiram Blake left his wife and two children, the youngest a babe and in all these years no word of him reached them. The mother has made a comfortable living by sewing. When Blake unexpectedly came in the other day he was given to understand that reconciliation was not for him.

Maceo and Gomez Unite Forces in Santa Clara Province.

A DECISIVE BATTLE FOLLOWS.

Combined Rebel Forces Beaten by the Spanish, Who Lately Occupied the Insurgents' Position—Son of Late Lord Churchill Fought With the Spanish.

HAVANA, Dec. 5.—The rebel generals, Maceo and Gomez, have succeeded in uniting their forces in Santa Clara province, but have been defeated by the Spanish in a battle that followed.

Maceo crossed the military line of La Trocha on Nov. 29. He was accompanied by the bands of Miro, Cebreco and Quintin Sandera. The crossing was effected between the forts of La Sanchez and La Redonda, on the line north of Ciego de Avila.

Upon crossing the line, a force of the insurgents was detached to make an assault upon La Redonda, for the purpose of creating a diversion to prevent pursuit, while the main force pushed on towards the borders of Santa Clara province, which it was proposed to invade. Maceo's force was closely pursued by Generals Aldave and Aldecoa and Generals Suarez, Valdes and Navarro were also sent to attack him, the Spanish object being to divert Maceo's advance upon Santa Clara and to prevent his junction with the forces of Gomez. Maceo succeeded in joining Gomez.

Later, Generals Suarez, Valdes and Navarro met Gomez and Maceo near Ciego de Avila and Jicoalea. After a short and fierce fight the insurgents were forced to retreat with a numerous loss. The troops occupy the insurgent positions, their loss having been insignificant. It is reported that Lieutenant Winston Churchill of the royal army, son of the late Lord Randolph Churchill, took part.

AN OLD RULE UNEARTHED.

It Gives the Republicans More Show in Making Up Senate Committees.

WASHINGTON, Dec. 5.—After the senate Republican caucus adjourned the discovery was made that one of the senate rules provides for the appointment of members, except the chairman of committees, by a plurality of the votes cast. Inquiry shows this rule, the existence of which had been forgotten, was put into operation as long ago as 1820 and has continued in force ever since.

The existence of this rule presents a most interesting phase of the senate situation. Under it the Republicans can elect the members of the committee, except the chairman, because they have beyond doubt a plurality in the senate unless all the Populists should vote with the Democrats against them.

MAHER WILL FIGHT FITZ.

Corbett Refuses Dan Stuart's Offer For a Match.

NEW YORK, Dec. 5.—Corbett will not agree to meet Fitzsimmons for the \$20,000 purse offered by Dan Stuart of Texas. The ultimatum was handed to Stuart by William A. Brady, Corbett's manager. Stuart submitted articles of agreement to Brady and made a direct proposal to the manager that Corbett meet Fitzsimmons for a guaranteed purse of \$20,000.

"We have retired," was Brady's firm reply. He then stated that it was hardly worth while to break up a prospective profitable theatrical engagement to fight Fitzsimmons. Stuart now declares that he will match Maher against Fitzsimmons and hopes to force Corbett to fight the winner.

To Restore Ezeta to Power.

SAN FRANCISCO, Dec. 5.—Manuel Caesin, General Antonio Ezeta's right hand man, has chartered the small tug Barclay Golden, and vague stories of an expedition against Salvador are floating about. The supposition is that Ezeta will be taken on board at Acapulco, and that some plan to get him and his friends into Salvador has been determined upon.

Choyinski and Hall Matched.

PHILADELPHIA, Dec. 5.—Parson Davies, representing Joe Choyinski, and J. Kennedy of the Empire Athletic Club, Meseph, L. I., have signed articles with Jim Hall for a fight of 20 rounds or more at the Empire club on Jan. 13 with Choyinski.

The Match Not Off.

DALLAS, Tex., Dec. 5.—A New York dispatch announcing that the Lavigne Everhardt match is off is denied by H. P. Kane of this city. Everhardt's manager says Jack Everhardt will fight any 135-pound man in the world, Kid Lavigne preferred.

A Bad Freight Wreck.

HUNTINGTON, W. Va., Dec. 5.—Freight train No. 68, southbound on the Norfolk and Western, has been wrecked at Patrick creek. Fireman Ganze was fatally hurt and others were seriously injured. The engine and 15 boxcars are a total wreck. Loss, heavy.

Leland is a matchless orator. At the Grand tomorrow.

LOCAL BREVITIES.

Frank H. Croxall is confined to his home by the grip.

A new butcher shop has been added to the business interests of the city.

The Knights of the Golden Eagle initiated two candidates into their order last night.

Water pipes are being laid on Burton alley between the Calcutta road and Lincoln avenue.

Roser Smith, who has been employed at Thompson's, moved his family to Matamoras last night.

Mrs. Louis Calhoun, the Seventh street lady who fell and broke her arm last week, is steadily improving.

Many potteries in the city are preparing for winter by laying in a supply of coal while cars are not so scarce and the fuel is not high.

Mr. and Mrs. Isaac Knowles left this morning for Montecito, Cal., where they will spend the winter. They will be absent about six months.

William Howard and William Kriblanck returned last night from the oil fields near McDonald, where they have been employed for several months.

The managers of the lecture course have interviewed the management of the opera house, and learned that the auditorium will be well warmed before the lecture.

The pay car passed down this morning and will not be back until Saturday, but a number of the company's employees will go to Wellsville this evening for their money.

Doctor Huston yesterday said the words which united for life Mr. W. M. Snowden and Miss Edie Garner, both of this city. The young people have the best wishes of many friends.

The ladies of the Eastern Star will hold the annual banquet next Thursday evening in the lodge rooms of the Golden block. It is their second anniversary as an organization, and promises to be an unusually enjoyable event.

The day after William Householder was killed on the bridge at Irondale some one wrote that he was 80 years old, and now all the papers are telling their readers how the old man (?) met his death, when in truth the boy was about eight years of age.

Edward Hill, who was shot by his cousin, Harry Allison, over a week ago, continues to improve, and it is now thought that his complete recovery is only a question of time. The bullet is still in the boy's head, every effort to extract it having proved a failure.

The river is rising, yet few boats are on the river. The Bedford went up last night, the first time the boat has been seen here for many months, and a few tows of empties passed. There may be a coal boat stage, but the rivermen say there must be more rain before that comes.

The alley connecting East Market with Walnut street is in a bad way, and teamsters are kicking. When it was muddy, wagons went in to the hub, and now the ground is frozen, they have more jolts and bumps while passing over the ground than can be found in a dozen other alleys.

An employee of the freight depot bought three turkeys the other day, intending one for Thanksgiving, another for Christmas and the third for New Year's. The Thanksgiving bird died of a broken heart the day before it was to be sacrificed, and now the owner is watching the other birds with the fear that they will follow.

Joseph Smith, an employee of the freight depot, carries his face in a sling because of an accident he suffered the other day. He was aiding in the unloading of a heavy box when it fell and struck him, knocking him a distance almost equal to the length of a car. The only serious injuries he sustained were a number of cuts and bruises on the side of his face.

When the parade of the minstrel troupe was passing a saloon on East Market street the proprietor, to please the company, came to the curb with a large tray on which stood a number of foaming glasses of beer. He was about to invite the boys to step up and help themselves, when the crowd following the parade arrived at the spot. Seeing that there was something for nothing they made a rush, and in less time than it takes to tell the story every glass was empty, and the crowd was clamoring for more. The saloonkeeper quickly sought his shop, and did not again appear, while the band played on.

"Liverpool will not have a government building next year or the year after," said a resident, who always knows a little of everything, today. The wheels of congress, like the mills of the gods, go slowly, and just now the congressmen are thinking more of providing revenue for necessary expenditures, than of spending money in small cities for federal buildings. O, yes; we are bound to have one in time, but I'll be surprised if it happens before the beginning of the next century. But it is not because we are not entitled to one, for the business of the office certainly justifies the expenditure."

Caution about the Use and Selection of Spectacles

"Persons having normal vision will be able to read this notice at a distance of four feet from the eye with ease and comfort, and will be able to read it with ease and comfort. If unable to do so your eyes are defective and you need spectacles. When the eyes become tired from reading or writing, or if the letters look blurred and run together, it is a sure indication that the glasses are needed. The lenses sold in the drug store are of unequal quality and have imperfectly formed surfaces. Continued use of these lenses will result in permanent injury to the eyes, and may even result in blindness. It is therefore imperative that the lenses be supplied by a competent optician."

WHERE IT COMES FROM

Foreign Countries Send Much
Ware to America.

OLD ENGLAND HEADS THE LIST

France Has a Nice Little Business to Its
Credit and Germany Sells In This
Country—Increases Are Seen All Along
the Line, Except In Exports.

The treasury department is always slow in making out its reports, and as regards the importations of crockery it makes no exception.

The last circular issued shows that the total in plain white for the nine months beginning with September is \$1,554,218, as compared with \$1,065,433 of last year, an increase which easily tells why American potteries have not been running as well as they should. The dutiable imports of the same ware ornamented and decorated increases the value of the imports to \$5,776,328 as against \$3,295,147 of the previous year.

The United Kingdom furnished this country with the largest amount of earthen, stone and china ware imported during September, \$409,815 being the value for the month this year, as against \$432,623 during September, 1894. The nine months' total shows \$3,693,904 worth of the above ware imported from the United Kingdom this year, as compared with \$2,309,929 worth in 1894. Germany comes next, the imports from that country amounting to \$358,245 in September, against \$239,843 worth imported last September. The total value of the nine months of this year footed up \$1,740,863 as against the imports of last year, which amounted to \$1,060,621. Shipments of earthen, stone and china ware from France during September, amounted to \$185,133 against \$162,043 worth imported from that country during September, 1894. The total for the nine months of this year amounted to \$1,092,163, as against \$628,573 worth imported during the corresponding period of the year before. Imports from Austria-Hungary during September, amounted to \$80,011, as against \$81,806 worth imported the previous year in September. The nine months' total this year amounted to \$552,904, as compared with the imports of 1894, which were valued at \$356,022. Other European countries, not classified, furnished the United States with \$25,836 worth of earthen, stone and china ware during September, against \$11,864 worth last September. The nine months' total imports for this year amounted to \$136,601, against \$63,464 worth imported in 1894. Shipments from Japan were valued at \$20,007 in September, against \$16,989 last September. The total for the nine months amounted to \$171,144 in 1895, as against \$146,093 worth in 1894. Imports from other countries amounted to \$3,398 in September, as compared with \$3,478 in September of last year. The total for the nine months footed up \$29,875 against \$27,721 worth imported the previous year.

In exports we seem to be running steadily behind the board, a matter of little consolation when the increased imports are considered. The domestic exports of earthen and stone ware amounted in September to \$9,475, a decided falling off from the exports of last September, which amounted to \$15,490. The nine months' total also shows a decrease, \$85,568 being the value of the exports this year, against \$94,237 worth exported in 1894. Exports of china ware, on the contrary, are increasing. The value of the exports for September amounted to \$1,393, against \$919 worth exported last September. The total for the nine months of 1895 shows \$18,000 worth of china ware exported, as compared with \$12,674 during the same period of 1894.

The above is reliable, coming as it does from the treasury department, and is the strongest reason why congress should have the duty raised at the earliest possible moment.

The Minstrels.

The home talent minstrels were greeted by a large audience last night, and showed by their clever acting and beautiful singing what Liverpool amateurs do. Every number was heartily encored, and the audience were well repaid for their liberal patronage. The solos and quartets, the tambourine and skirt dance by little Miss Surles, and a pretty rendition of "You Can't Play in Our Yard" were captivating features, while the club dances by Jack Hassey, and the bar exercises by the Turners were highly commendable. The minstrels give another performance on Saturday night, with an entire change of program.

Hear Leland in "World Making" at the Grand tomorrow.

Any piece of music used at the home talent minstrels can be duplicated at the music store of Smith & Phillips.

Leland's lecture on "World Making" is fascinating.

A PRIVATE CITIZEN.

Judge Billingsley Does His Last Work on the Bench.

Special to NEWS REVIEW.
LONDON, Dec. 5.—Judge Billingsley wound up his business as judge last evening and is now a private citizen. The temporary injunction given John E. Goddard against John S. Dixon restraining the latter from collecting a judgment from Squire Morley's court in Liverpool was made permanent. The case was the result of a suit for damages to horses. The decision in the case of John Boyd against Sam Groves as given in the court of Squire Rose was reversed, and the suit of Ella M. Stout against William Stout was settled by the plaintiff paying the costs.

A marriage license was issued today to Thomas Armstrong and Mary Darragh, both of East Liverpool.

Judge Taylor has sent word that it will be impossible for him to open court here on Monday of next week, and the assignment has gone over until the week following when he can be present.

BOSTWICK WANTS BOODLE.

The Manager of the Light Company After the General Electric.

Special to the NEWS REVIEW.
LONDON, Dec. 5.—Fred H. Bostwick, of East Liverpool, sued the General Electric company today for \$300. A year ago last March he contracted with the company to sell a dynamo to a Warren company, the price of the machine being placed at \$1,580. Of this sum he was to receive \$300 in commission, but it has never been paid and the suit is the result. The property which he seeks to attach is now in possession of the Ceramic Light company of Liverpool.

A BUTTER FACTORY

Gets Into Court Because of Failure to Pay.

Special to the NEWS REVIEW.
LONDON, Dec. 5.—The butter factory at North Georgetown was in court today for the first time because a stockholder has failed to pay. Burnap & Burnap filed the suit against S. G. Cowgill, claiming that they equipped the factory with machinery, and it was ready for operation at the time stipulated in the contract. Each of the 39 stockholders was then to pay \$100, but Cowgill refused, and the firm ask for a judgment.

The great majority of men and women, of even very much more than ordinary intelligence, pay no attention whatsoever to the well established rules governing the preservation of health. Simple symptoms of indigestion or slight disarrangements of the stomach or system are treated by them as trivial happenings, having no weight or bearing upon their general health. In this seeming neglect or too much over confidence in their own robustness lies the greatest mistake of their lives, as it is invariably from these little ailments that chronic diseases spring. To guard fully against such evils, use Libby's Phosphatic Beef, Iron and Wine; the only true tonic to the stomach system, system and nerves, perfect strength and tissue producer, and new rich blood matter. Go or send for it to Alvin H. Bulger, druggist, Sixth and West Market.

Epworth League Social.

The members of the Epworth league of the First M. E. church will give a reception in the lecture room tonight. A very pleasant time is anticipated. You have a cordial invitation to be present. There will be no admission fee charged.

Anyone who has children will rejoice with L. B. Mulford, of Plainfield, N. J. His little boy, five years of age, was sick with croup. For two days and nights he tried various remedies recommended by friends and neighbors. He says, "I thought sure I would lose him. I had seen Chamberlain's Cough remedy advertised and thought I would try it as a last hope and am happy to say that after two doses he slept until morning. I gave it to him next day and a cure was effected. I used this remedy in the house now and as soon as any of my children show signs of croup I give it to them and that is the last of it." Twenty-five and 50 cent bottles for sale by A. H. Bulger, druggist.

Complained of the Water.

A number of drummers who have been in the city the past few days complain bitterly because of the water. They claim the fluid made them very ill, but complaints are not heard from any other quarter.

Did You Ever

Try Electric Bitters as a remedy for your troubles? If not, get a bottle now and get relief. This medicine has been found to be peculiarly adapted to the relief and cure of all female complaints, exerting a wonderful rect influence in giving strength and tone to the organs. If you have loss of appetite, constipation, headache, fainting spells, or are nervous, sleepless, excitable, melancholy, or troubled with dizzy spells, Electric Bitters is the medicine you need. Health and strength are guaranteed by its use. Large Bottles only 50c at T. L. Pott's drug store.

They are all the rage. The people pronounce them unsurpassable and are flocking after them. What? The beautiful cabinet photos at MacKenzie's, First National bank building. Take the elevator. Only \$1.50 per dozen.

Dr. PIERCE'S Golden Medical DISCOVERY

Cures Ninety-eight per cent. of all cases of Consumption, in all its Earlier Stages.

Although, by many believed to be incurable, there is the evidence of hundreds of living witnesses to the fact that in all its earlier stages, consumption is a curable disease. Not every case, but a large percentage of cases, and we believe, fully 98 per cent. are cured by Dr. Pierce's Golden Medical Discovery, even after the disease has progressed so far as to induce repeated bleedings from the lungs, severe lingering cough with copious expectoration (including tubercular matter), great loss of flesh and extreme emaciation and weakness.

Do you doubt that hundreds of such cases reported to us as cured by "Golden Medical Discovery" were genuine cases of that dread and fatal disease? You need not take our word for it. They have, in nearly every instance, been so pronounced by the best and most experienced home physicians, who have no interest whatever in misrepresenting them, and who were often strongly prejudiced and advised against "Golden Medical Discovery," but who have been forced to confess that it surpasses, in curative power over this fatal malady, all other medicines with which they are acquainted. Nasty cod-liver oil and its filthy "emulsions" and mixtures, had been tried in nearly all these cases and had either utterly failed to benefit, or had only seemed to benefit a little for a short time. Extract of malt, whiskey, and various preparations of the hypophosphates, had been tried in nearly all these cases and had either utterly failed to benefit, or had only seemed to benefit a little for a short time. The photographs of a large number of those cured of consumption, bronchitis, lingering coughs, asthma, chronic nasal catarrh and kindred maladies, have been skillfully reproduced in a book of 160 pages which will be mailed to you, on receipt of address and six cents in stamps. Address for Book, World's Dispensary Medical Association, Buffalo, N. Y.

PERSONAL MENTION.

—James Miller is in Carroll county on business.

—Joseph Pollock returned to Akron yesterday afternoon after a brief visit with relatives here.

—George McDole returned from Missouri this morning after a trip extending over two months.

A Household Treasure.

D. W. Fuller, of Canajoharie, N. Y., says that he always keeps Dr. King's New Discovery in the house and his family has always found the very best results follow its use; that he would not be without it, if procurable. G. A. Dykeman druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best cough remedy; that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested. Trial bottles free at Potts drug store. Regular size 50 cents and \$1.

Intense Interest.

Reverend O'Meara spent Tuesday and Wednesday in Allegheny attending the sessions of the prophetic conference, composed of ministers and members of orthodox churches. The object was to re-awaken the sense of the obligation to be always awaiting the coming of Jesus Christ. The meetings were attended by vast audiences, large numbers standing in the aisles. Rev. Dr. Pearson, who succeeded Doctor Spurgeon in London, was among the principal speakers.

For rheumatism I have found nothing equal to Chamberlain's Pain Balm. It relieves the pain as soon as applied. J. W. Young, West Liberty, W. Va. The prompt relief it affords is alone worth many times the cost, 50 cents. Its continued use will effect a permanent cure. For sale by A. H. Bulger, druggist.

Shot the Dog.

The three legged dog that has so long been a nuisance in the business part of the city was shot by Officer Jennings this afternoon, but the bullet did not kill the animal, and he got away.

Bucklen's Arnica Salve.
The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by **Botts**

Expected Tomorrow.

It is reported today that all the new street cars are expected to arrive tomorrow, and the motormen smile as they think of the luxury of a vestibule.

FOR UNITY OF ACTION.

Epworth Leaguers Appoint a Committee to Confer With Christian Endeavorers.

NEW YORK, Dec. 5.—The semi-annual meeting of the general cabinet of the Epworth League of the Methodist church has been held here. The president of the cabinet, Bishop J. S. Fitzgerald of New Orleans, presided. The other officers present were Second Vice President Rev. W. J. Havens, Boston Third Vice President Robert Doherty of New York and the Rev. E. A. Schell, general secretary. Among those who attended the cabinet meeting were Rev. H. J. Jennings of Minnesota, C. E. Piper of Chicago and Rev. J. C. Berry, editor of The Epworth League Herald.

The principal object of the meeting was for making preparations and completing the work which will be laid before the general conference of Methodist churches which will be held in Cleveland in May next. The question of disagreement between the Methodist church and Christian Endeavorers was discussed. The cabinet decided to appoint a committee to meet a like committee of Christian Endeavorers, whose aim it is to bring about a unity of work. The conference will meet in Detroit at an early date. The cabinet declined to take any action in regard to the anti-saloon convention which is arranged to be held shortly in Washington.

THE GERMANS ALARMED.

The President's Suggestion in His Message to Retaliate Causes Consternation.

LONDON, Dec. 5.—A dispatch to The Standard from Berlin today says: A feeling akin to consternation has been caused here by President Cleveland's reference to Germany. It has had a marked effect upon the bourse and has been discussed fully in the newspapers. The Radical newspapers take the opportunity to attack the agrarians and Baron von Koeller (who has just been dismissed from his post as Prussian minister of the interior), to whom they ascribe the prohibition of the importation of American cattle and the restrictions on life insurance companies.

The government organs, on the contrary, contest that the situation in America is responsible for these restrictions, and that their withdrawal rests with America herself.

CANADA'S BOLD MOVE.

Lets out a Mail Contract in Dispute Territory in Alaska.

TACOMA, Dec. 5.—The Canadian government has let a contract for the carrying of mails from Juneau, in Alaska to Forty-Mile creek, which is also in the territory always claimed by the United States, but which Canada is now asserting claim to. It is asserted that for a foreign country to let a contract for the transmission of mails into the territory of another government is something practically unheard of in international affairs.

It would seem that it would only mean that the Dominion of Canada Great Britain's dependency, is bound to uphold at all hazards her claim to that strip of territory extending from and taking in Juneau to the rich gold fields of the Yukon river.

PITTSBURG SURE OF A LEXOW.

The Senate Committee Decides to Investigate the Iron City.

PHILADELPHIA, Dec. 5.—The senatorial investigating committee which is inquiring into the municipal condition of Philadelphia has decided by a unanimous vote to go to Pittsburgh and investigate the municipal conditions of that city.

Chairman Andrews will name the date. Before the committee went into session today a delegation of Pittsburghers, representing the Citizens' Municipal League and the Vigilance League of that city called upon them and asked the committee to visit Pittsburgh and investigate the government of that city. The leaguers presented a petition signed by 5,000 citizens of Pittsburgh urging that an investigation be made.

Three Pacific Vessels Missing.

PORT TOWNSEND, Wash., Dec. 5.—Much apprehension is felt for the British steamship Gorzdd, Captain Mead, now out 45 days from Singapore. This is the third steamer which is unaccounted for on the Northern Pacific ocean, the others being the Eskdale and Strathnevis, bound westward.

Suspected of Trainwrecking.

BUFFALO, Dec. 5.—Four men have been arrested here whom the police suspect of being members of the gang that wrecked the Lakawanna passenger train near Preble, N. Y., last Sunday night.

Suit Against the Sugar Trust.

NEW YORK, Dec. 5.—Notice has been served upon John R. Searles, secretary of the American Sugar Refining company, of a suit to restrain that corporation from doing business in this state.
